No. L-3050.—In exercise of the powers conferred by sub-section (4) of section 33 of the Factories Act, 1934 (XXV of 1934), the Governor-General in Council is pleased to make the following rules, the same having been previously published as required by section 79 of the said Act, namely:—

Rules.

1. These rules may be called the Hazardous Occupations (Lead) Rules, 1935.

2. The operations specified in the Schedule and every other operation involving the use of lead compounds are declared to be hazardous operations when carried on in any factory.

3. In these rules "lead compound" means any compound of lead, other than galena, or any mixture which contains a compound of lead, other than galena, and which, when treated in the manner prescribed in rule 4, yields to an aqueous solution of hydrochloric acid a quantity of soluble lead compound exceeding, when calculated as lead monoxide, five per cent. of the dry weight of the portion taken for analysis. In the case of paints and similar products and other mixtures containing oil or fat the "dry weight" means the dry weight of the material remaining after extraction with solvents as prescribed in rule 4.

4. The manner of treatment referred to in rule 3 shall be as follows:—

A weighed quantity of the material which has been dried at 100°C and thoroughly mixed shall be continuously shaken for one hour, at the common temperature, with 1000 times its weight of an aqueous solution of hydrochloric acid containing 0.25 per cent. by weight of hydrogen chloride. This solution shall thereafter be allowed to stand for one hour and then filtered. The lead salt contained in the clear filtrate shall then be precipitated as lead sulphide and weighed as lead sulphate. Paints and similar products and other mixtures containing oil or fat shall before treatment in the manner described be thoroughly mixed and treated with suitable solvents to remove oil, fat, varnish or other media.

5. No woman, adolescent or child shall be employed in any factory in any of the operations specified in the Schedule or, save in accordance with the provisions hereinafter contained, in any other operation involving the use of lead compounds.

6. In respect of every woman, adolescent or child employed in a factory in any operation involving the use of a lead compound (hereinafter referred to as "such person") the manager of the factory shall have in his possession a special certificate of fitness issued in Form A by a certifying surgeon appointed under Section 12 of the Factories Act, 1934.

7. Every such person shall carry while he is at work a token giving a reference to such certificate.

8. Every such person shall be medically examined by a certifying surgeon at intervals of not more than three months, and a record of such examinations shall be kept in Form B.

9. If at any time the certifying surgeon is of opinion that any such person is no longer fit for employment in any operation involving the use of a lead compound, he shall cancel the certificate of fitness of that person and that person shall not be employed in any such operation unless the certifying surgeon again certifies him to be fit.

10. Where dust or fume from a lead compound is produced in any operation provision shall be made for drawing the fume or dust away from every such person by means of an efficient exhaust draught so contrived as to operate on the dust or fume as nearly as may be at its point of origin.

11. No food, drink or tobacco shall be brought into, or consumed in, any room in which any such person is employed.

12. Adequate protective clothing in a clean condition shall be provided by the employer for and worn by every such person.

13. Every room in which any such person is employed, and all tools and apparatus used by him, shall be kept in a clean condition.

PART VI

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly, and Bills published under Rule 18 of the Indian Legislative Rules

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 12th February, 1935:—

L. A. BILL NO. 5 OF 1935.

A Bill further to amend the Code of Criminal Procedure, 1898.

WHEREAS it is expedient further to amend the Code of Criminal Procedure, 1898; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Code of Criminal Procedure (Amendment) Act, 1935.

Amendment of section 103, Act V of 1898.

2. In section 103 of the Code of Criminal Procedure, 1898,—

- (i) in sub-section (1) for the word "locality" the word "neighbourhood" shall be substituted; and
- (ii) the following new proviso shall be added to sub-section (2), namely:—

"Provided that no evidence other than the list drawn up in accordance with the provisions of this section shall be admitted to prove the articles discovered during the search."

STATEMENT OF OBJECTS AND REASONS.

Section 103 of the Code is practically a dead letter. The word "locality" has been judicially interpreted as not to mean the same quarter of the town as the place searched and it has been ruled that the stress is on the word "respectability" and not on the word "locality". This has led to the view that failure to call inhabitants of the locality as witnesses does not make a search illegal (21 Madras 83). This could hardly have been the intention of the framers of this section. In order to remove this ambiguity it is proposed to substitute the word "neighbourhood" and add a proviso to sub-section (2). This proviso will not permit the admission of evidence if the provisions of section 103 are not strictly complied with. The object of these provisions has been stated to be as aiming against possible chicanery and unfair dealings on the part of the officers conducting the searches and was made to ensure confidence that anything incriminating which may be found in the premises searched shall really be found and shall not be planted. This section really contemplates the presence of two respectable witnesses of the locality unconnected with the Government and its officers (4 Cr. L. J. 390). The present amendment is intended to invalidate the search if not conducted strictly in accordance with the provisions of this section.

The following Bill was introduced in the Legislative Assembly on the 12th February, 1935:—

L. A. BILL No. 6 OF 1935.

A Bill further to amend the Code of Criminal Procedure, 1898.

WHEREAS it is expedient further to amend the Code of Criminal Procedure, 1898; It is hereby enacted as V of 1898. follows:—

Short title.

1. This Act may be called the Code of Criminal Procedure (Amendment) Act, 193 .

Amendment of section 406, Act V of 1898.

2. In section 406 of the Code of Criminal Procedure, V of 1898, the following proviso shall be omitted, namely:

“Provided that the Local Government may, by notification in the local official Gazette, direct that in any district specified in the notification appeals from such orders made by a Magistrate other than the District Magistrate or a Presidency Magistrate shall lie to the District Magistrate and not to the Court of Session.”

STATEMENT OF OBJECTS AND REASONS.

This amendment is necessary because of the fact that District Magistrate himself in most cases initiates proceedings for keeping the peace. To expect him to do justice in appeal is really expecting too much from human nature. So long as District Magistrate occupies the position as the head of the police and of executive authorities of the District, these appeals should not be heard by him.

The following Bill was introduced in the Legislative Assembly on the 12th February, 1935 :—

L. A. BILL No. 7 of 1935.

A Bill further to amend the Code of Criminal Procedure, 1898.

WHEREAS it is expedient further to amend the Code of Criminal Procedure, 1898; It is hereby enacted as follows :—

- | | |
|--|---|
| Short title. | 1. This Act may be called the Code of Criminal Procedure (Amendment) Act, 193 . |
| Repeal of section 30, Act V of 1898. | 2. Section 30 of the Code of Criminal Procedure, 1898 (hereinafter referred to as the said Code), shall be repealed. |
| Repeal of section 34, Act V of 1898. | 3. Section 34 of the said Code shall be repealed. |
| Amendment of section 34A, Act V of 1898. | 4. In section 34A of the said Code,—
(i) the word and figures "and 34" shall be omitted;
and
(ii) the word "and" shall be inserted between the figures "31" and "32". |
| Amendment of section 35, Act V of 1898. | 5. In clause (b) of the proviso to sub-section (2) of section 35 of the said Code, the brackets, words and figures. "(other than a Magistrate acting under section 34)" shall be omitted. |

STATEMENT OF OBJECTS AND REASONS.

These provinces having acquired the status of Governor's province, such a discrimination shall no longer be permitted. The accused charged with serious offences are not satisfied with the trial held before Magistrates who are especially empowered under these sections. In most cases the Magistrates in their zeal to show, what they term good disposal, hurriedly proceed with the trial with the result that cool and calm consideration of the facts of the case is not possible as is actually the case in Sessions trials. As the administration is being reformed it is desirable that standard of judicial administration be also raised in these provinces in order to inspire greater confidence in the Courts.

Rule-making
power.

10. (1) The Local Government may, by notification in the local official Gazette, make rules for the purpose of carrying into effect the provisions of this Act.

(2) In particular and without prejudice to the generality of the foregoing power, such rules may—

(3) When any application under sub-section (2) is entertained, the authority shall hear the applicant and the employer or other person responsible for the payment of wages under section 3, or give them an opportunity of being heard, and, after such further inquiry (if any) as may be necessary, may, without prejudice to any other penalty to which such employer or other person is liable under this Act, direct the refund to the employed person of the amount deducted, or the payment of the delayed wages, together with the payment of such compensation as the authority may think fit, not exceeding ten times the amount deducted in the former case and not exceeding ten rupees in the latter:

Provided that no direction for the payment of compensation shall be made in the case of delayed wages, if the authority is satisfied that the delay was due to a *bonâ fide* error or dispute as to the amount payable to the employed person or was due to the failure of the employed person to apply for or accept payment.

(4) Any amount directed to be paid under sub-section (3) may be recovered in the manner provided in the Code of Criminal Procedure, 1898, for the recovery of fines. V of 1898.

14. (1) An appeal against a direction made under sub-section (3) of section 12 may be preferred, within thirty days of the date on which the direction was made, before such authority as the Local Government may appoint in this behalf—

(a) by the employer or other person responsible for the payment of wages under section 3, if the total sum directed to be paid by way of wages and compensation exceeds three hundred rupees, or

(b) by an employed person, if the total amount of wages claimed to have been withheld from him or from the unpaid group to which he belonged exceeds fifty rupees.

(2) Save as provided in sub-section (1), any direction made under sub-section (3) of section 12 shall be final.

sections 12 and
14.

15. Every authority appointed under sub-section (1) of section 12 or section 14 shall have all the powers of a Civil Court under the Code of Civil Procedure, 1908, for the purpose of taking evidence and of enforcing the attendance of witnesses and compelling the production of documents, and every such authority shall be deemed to be a Civil Court for all the purposes of section 195 and of Chapter XXXV of the Code of Criminal Procedure, 1898. V of 1908. V of 1898.

Penalty for
offences under
the Act.

(2) Whoever contravenes the provisions of section 4 or of any rule made under section 10 shall be punishable with fine which may extend to one hundred rupees.

Procedure in
trial of offences.

17. (1) No Court shall take cognizance of a complaint against any person for an offence under sub-section (1) of section 16, unless an application in respect of the facts constituting the offence has been presented under section 12 and has been granted wholly or in part and the authority empowered under the latter section or the appellate authority granting such application has sanctioned the making of the complaint.

(2) Before sanctioning the making of a complaint against any person for an offence under sub-section (1) of section 16, the authority empowered under section 12 or the appellate authority, as the case may be, shall give such person an opportunity of showing cause against the granting of such sanction, and the sanction shall not be granted if such person satisfies the authority that his default was due to a *bona fide* error or dispute as to the amount payable to the employed person or was due to the failure of the employed person to apply for or accept payment.

(3) No Court shall take cognizance of an offence under sub-section (2) of section 16 except on a complaint made by or with the sanction of an Inspector under this Act.

(4) In imposing any fine for an offence under sub-section (1) of section 16 the Court shall take into consideration the amount of any compensation already awarded against the accused in any proceedings taken under section 12.

Bar of suits.

18. No Court shall entertain any suit for the recovery of wages or of any deduction from wages in so far as the sum so claimed—

- (a) forms the subject of an application under section 12 which has been presented by the plaintiff and which is pending before the authority appointed under that section or of an appeal under section 14; or
- (b) has formed the subject of a direction under section 12 in favour of the plaintiff, or
- (c) has been adjudged, in any proceeding under section 12, not to be owed to the plaintiff; or
- (d) could have been recovered by an application under section 12.

Contracting out.

19. Any contract or agreement, whether made before or after the commencement of this Act, whereby an employed person relinquishes any right conferred by this Act shall be null and void in so far as it purports to deprive him of such right.

Powers to be exercised by Governor General in Council.

20. The powers by this Act conferred upon the Local Government shall be exercised by the Governor General in Council in any case in which the exercise of such powers affects any persons employed by a railway administration.

STATEMENT OF OBJECTS AND REASONS.

In 1926 the Government of India addressed Local Governments with a view to ascertain the position with regard to the delays which occurred in the payment of wages to persons employed in industry, and the practice of imposing fines upon them. The investigations revealed the existence of abuses in both directions, and the material collected was placed before the Royal Commission on Labour which was appointed in 1929. The Commission collected further evidence on the subject, and the results of their examination, with their recommendations, will be found on pages 216—221 and 236—241 of their Report. The Government of India re-examined the subject in the light of the Commission's Report and in February 1933 a Bill embodying the conclusions then reached was introduced and circulated for the purpose of eliciting opinion. A motion for the reference of the Bill to a Select Committee was tabled during the Delhi session of 1933-34, but was not reached, and the Bill lapsed. The present Bill is based upon the same principles as the original Bill but has been revised throughout in the light of the criticisms received when the original Bill was circulated.

F. NOYCE.

NEW DELHI;

11th February, 1935.

NOTES ON CLAUSES.

Clause 1.—The Bill applies only to the payment of wages to persons receiving less than Rs. 100 per mensem. The provisions relating to prompt payment apply in the first instance only to factory employees, and the provisions relating to deductions apply in the first instance only to factory employees and railway workers. But it is proposed to enable Local Governments to extend any or all of the provisions of the Act to any class of persons employed in any industrial establishment, or in any class or group of industrial establishments.

Clause 2.—The definition of "wages" is designed to include payments in kind, and (with certain specified exceptions) all payments however described which are to be made to an employed person in consideration of his employment.

Clause 3.—It is necessary to fix the responsibility for the payment of wages in view of the later clauses which provide for a summary remedy in cases of delay or unlawful deduction, and for penalties.

Clause 5.—This is designed to secure that wages shall ordinarily be paid within seven days of the expiry of the period within which they were earned. But it is proposed to reduce the interval to two days when an employee is discharged. The power of conditional exemption vested in Local Governments is required mainly to remove difficulties that may arise in the exact calculation of the wages of piece-workers.

Clause 6.—It is intended that the possible deductions from wages should be of the following kinds:—

- (1) Deductions by way of fines [sub-clause (2) (a)].
- (2) Deductions for damage or loss [sub-clause (2) (b)].
- (3) Deductions for services [sub-clause (2) (c) and (d)].
- (4) Deductions on account of advances [sub-clause (2) (e), (f) and (g)].
- (5) Deductions which the employer is compelled to make [sub-clause (2) (h) and (i)].
- (6) Deductions on account of payments to certain Provident Funds and Co-operative Credit Societies [sub-clause (2) (j) and (k)].

Deductions for damage or loss can be made only in respect of (a) goods entrusted to an employed person for custody, or (b) money for which he is required to account. It is not intended to permit deductions under this head in respect of damage or loss occurring in the course of a manufacturing process, e. g., in respect of spoilt cloth.

Advances are classified under three heads:—

- (i) those made before employment begins which are recoverable only from the first wage payment;
- (ii) those made during employment on account of wages already earned, which are not subject to restriction; and
- (iii) other advances made during employment which are to be subject to rules made by Local Governments.

Clause 7.—It is intended that fines should be imposed only for acts or omissions specified in a regular notice. In clause 10 it is proposed to give Local Governments power to prescribe by rule the acts or omissions for which fines may be imposed. It is also proposed that fines should be limited in amount, that they should not be recoverable by instalments or after undue delay, and that they should be devoted to the benefit of employees. Sub-clause (4) is designed to prevent fines being imposed on children.

Clause 8.—Deductions for damage or loss are limited to the amount of the damage or loss actually caused to the employer.

Clause 9.—Services consist of—

- (a) housing accommodation, and
- (b) other services approved by competent authority.

Deductions are limited to the value of the service rendered, and the service must have been accepted by the employee.

Clause 12.—It is proposed that claims on account either of delay or of deductions should be dealt with by a special authority. This authority will have power to order the payment to the claimant of the sum wrongfully withheld plus compensation up to ten times that sum in the case of deductions, and Rs. 10 per head in the case of delay.

Clause 13.—Delay in payment frequently affects an entire establishment; and provision is made here for the presentation of a single application on behalf of any number of employed persons who are similarly affected.

Clause 14.—It is proposed that there should be an appeal to a special authority in cases where a substantial sum is involved.

Clauses 16 and 17.—These provide for prosecutions on account of infringements of the law; but it is intended that such prosecutions should not be instituted unless a successful claim has been made under section 12 and the authority appointed under that section or the appellate authority considers a prosecution to be warranted.

Clause 18.—It is intended that persons coming under the Act should be limited to its procedure in respect of the recovery of unpaid wages.

Clause 20.—It is desirable to secure as far as possible uniform rules applicable to railway workers, particularly as one railway system may run through two or more provinces.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 13th February, 1935:—

L. A. BILL No. 9 OF 1935.

A Bill further to amend the Code of Civil Procedure 1908, for certain purposes.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908, for the purposes hereinafter appearing; It is hereby enacted as follows:—

Addition of proviso to section 51, Act V of 1908.

2. At the end of section 51 of the Code of Civil Procedure, 1908 (hereinafter referred to as the said Code), there shall be added the proviso—

“Provided that execution by detention in prison shall not be ordered unless, after giving the judgment-debtor an opportunity of showing cause why he should not be committed to prison, the Court, for reasons recorded in writing, is satisfied—

(a) that the judgment-debtor, with the object or effect of obstructing or delaying the execution of the decree,—

(i) is likely to abscond or leave the local limits of the jurisdiction of the Court, or

(ii) has, after the institution of the suit in which the decree was passed, transferred, concealed, or removed any part of his property, or committed any other act of bad faith in relation to his property; or

(b) that the judgment-debtor has, or has had since the date of the decree, the means to pay the amount of the decree or some substantial part thereof and refuses or neglects or has refused or neglected to pay the same.

for execution, and shall then give the judgment-debtor an opportunity of showing cause why he should not be committed to the civil prison.

- (2) Pending the conclusion of the inquiry under sub-rule (1) the Court may, in its discretion, order the judgment-debtor to be detained in the custody of an officer of the Court or release him on his furnishing security to the satisfaction of the Court for his appearance when required.
- (3) Upon the conclusion of the inquiry under sub-rule (1) the Court may, subject to the provisions of section 51 and to the other provisions of this Code, make an order for the detention of the judgment-debtor in the civil prison and shall in that event cause him to be arrested if he is not already under arrest:

Provided that in order to give the judgment-debtor an opportunity of satisfying the decree, the Court may, before making the order of detention, leave the judgment-debtor in the custody of an officer of the Court for a specified period not exceeding ten days or release him on his furnishing security to the satisfaction of the Court for his appearance at the expiration of the specified period if the decree be not sooner satisfied.

- (4) A judgment-debtor released under this rule may be re-arrested.
- (5) When the Court does not make an order of detention under sub-rule (2), it shall disallow the application and, if the judgment-debtor is under arrest, direct his release."

STATEMENT OF OBJECTS AND REASONS.

This Bill is the outcome of the recommendations of the Royal Commission on Labour in India to the effect that in the case of industrial workers in receipt of wages less than Rs. 100 a month arrest and imprisonment for debt should be abolished except where the debtor has been proved to be both able and unwilling to pay. The Bill seeks to amend the Civil Procedure Code, 1908, so as to protect honest debtors of all classes, and not of the industrial worker class only, from detention in a civil prison and to confine such detention to debtors proved to be recalcitrant or fraudulent. It provides *inter alia* that no order for execution by detention in prison shall be issued unless the debtor has been given opportunity of showing cause why he should not be committed to prison, and the Court is satisfied for reasons recorded in writing that (i) the debtor is likely to leave the local limits of the jurisdiction of the Court, or has after the institution of the suit fraudulently disposed of his property, and (ii) that he is able to pay the amount of the decree otherwise than from protected assets.

2. The Bill applies to all judgment-debtors. After consultation with Local Governments the Government of India decided that in this matter there was no sufficient reason for restricting the protection to small debtors.

GOVERNMENT OF INDIA.

Legislative Assembly Department.

The following Bill was introduced in the Legislative Assembly on the 13th February, 1935:—

L. A. BILL No. 10 OF 1935.

A Bill further to amend the Code of Civil Procedure, 1908, for certain purposes.

WHEREAS it is expedient further to amend the Code of Civil Procedure, 1908, for the purposes hereinafter V of 1908. appearing; It is hereby enacted as follows:—

Short title and commencement.

1. (1) This Act may be called the Code of Civil Procedure (Second Amendment) Act, 1935.

(2) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Insertion of new section 44A in Act V of 1908.

Execution of decrees passed by Courts in the United Kingdom and other reciprocating territory.

2. After section 44 of the Code of Civil Procedure, 1908, the following section shall be inserted, namely:— V of 1908.

“44A. Where a certified copy of a decree of any of the superior Courts of the United Kingdom or any reciprocating territory has been filed in a District Court, the decree may be executed in British India as if it had been passed by the District Court.

Explanation 1.—‘Superior Courts’, with reference to the United Kingdom, means the High Court in England, the Court of Session in Scotland, the High Court in Northern Ireland, the Court of Chancery of the County Palatine of Lancaster and the Court of Chancery of the County Palatine of Durham.

Explanation 2.—‘Reciprocating territory’ means any country or territory which the Governor General in Council may, from time to time, by notification in the Gazette of India, declare to be reciprocating territory for the purposes of this section; and ‘superior Courts’, with reference to any such territory, means such Courts as may be specified in the said notification.

STATEMENT OF OBJECTS AND REASONS.

On the 27th February, 1924, Government introduced a Bill further to amend the Code of Civil Procedure, 1908, the object of which was to provide for the enforcement in British India of judgments obtained in the United Kingdom and in other notified parts of His Majesty's Dominions, as part of a reciprocal arrangement the other part of which consisted of the extension to British India of the provisions of Part II of the Administration of Justice Act, 1920, under which the judgments of superior Courts in India would become enforceable in the United Kingdom. The Select Committee to which the Bill was referred expressed the opinion that the Bill would not ensure a fair measure of reciprocity. The difficulty arose from the fact that under the British Act reciprocity could only be applied to judgments of “superior Courts” and most of the British Indian Courts of unlimited civil jurisdiction would not have come within the meaning of the term “superior Courts” as used in that Act. No amendment of the Indian Bill could have altered that position, and for this reason it was decided to drop the Bill. The position has now been altered by the passing of the Foreign Judgments

(Reciprocal Enforcement) Act, 1933, which provides for the extension of Part I thereof to His Majesty's Dominions outside the United Kingdom by an Order in Council, and also leaves it to the Order in Council to specify the Courts which shall be deemed as "superior" within the meaning of the Act. The Government of India have ascertained that the Lord Chancellor has no objection to the Act being applied to all Indian Courts possessing unlimited original civil jurisdiction. This removes the obstacle which stood in the way of legislation in 1925, and the present Bill substantially embodies the provisions of the old Bill with some modifications mainly necessitated by the terms of the new English Act.

Character of the season.—At the outset weather was favourable for sowing and

germination. Subsequent dry weather and occasional showers helped growth and development generally. On the whole, a satisfactory crop is anticipated.

Acreage.—According to the estimates of the District Officers, the total area sown amounts to 151,800 acres this year as against 145,400 and 145,600 acres, respectively, in the corresponding and final forecasts of last year.

Outturn.—The average provincial outturn as worked out from district estimates is 88 per cent. as against 81 and 76 per cent., respectively, in the corresponding and final forecasts of last year.

**Second Forecast of the Spring Oilseed Crops
of Bengal, 1934-35.**

(*Note.*—On an average of the five years ending 1932-33, the area under linseed in Bengal has represented some 3·6 per cent. and that under rape and mustard 10·9 per cent. of the total area under these crops in British India.)

weather was helpful for growth and development generally. On the whole, a satisfactory crop is expected.

Area sown.—Oilseeds are chiefly grown in the Rajshahi, Dacca and Presidency Divisions. In the other two divisions the cultivation is not extensive. The total area under these crops (excepting sesamum for which separate forecast are issued) is returned at 888,100 acres this year as against 860,800 acres both in the corresponding and final forecasts of last year.

Outturn.—From the District Officers' estimates, the average outturn of the different oilseed crops for the province works out at 83 per cent. of the normal as against 85 and 83 per cent. reported, respectively, in the corresponding and final forecasts of last year.

Resolution on the Annual Administration Report of the Department of Industries, Bengal, for the year 1933-34.

GOVERNMENT OF BENGAL.

Department of Agriculture and Industries.

Industries.

CALCUTTA, THE 26TH FEBRUARY 1935.

RESOLUTION—No. 1125Ind.

Minister-in-charge: The Hon'ble Nawab K. G. M. Farouki, Khan Bahadur.

Read—

The Annual Administration Report of the Department of Industries, Bengal, for the year 1933-34.

Mr. A. T. Weston held charge of the department during the first and last parts of the year under review. During the period of his absence on leave, from the 8th June 1933 to the 11th February 1934, Mr. G. S. Dutt, I.C.S., was in charge. The post of Principal, Government Weaving Institute, Serampore, was filled by the appointment of Mr. Bhattacharjee, M.Sc. (Tech.) (Manchester). Otherwise there was no change in the superior staff.

2. Though the factors which make for economic depression persisted and barred the way to a revival of industries dependent on world conditions, it is satisfactory to find evidence during the year of advance and expansion in the case of the industries more definitely related to internal trade. Thus a feature of the year in Bengal was the increase in the number of cotton and sugarcane factories, and the general increase in the use of power under organised factory conditions illustrated by the interesting graphs attached to the report.

3. In concentrating on the task of reviving and developing small and cottage industries the department made a useful contribution during the year towards the solution of the problem of unemployment. The staff sanctioned for demonstration in the previous year was continued and was increased by the

addition of 21 additional parties. Local advisory bodies were formed in a number of districts with a view to securing non-official advice and assistance in utilising these demonstrations to the best advantage, and the co-operation of the local officers was also enlisted.

4. The results were substantial. Nearly 400 students underwent training, of whom 165 at least are known to have started businesses of their own or to have secured employment or to have taken up advanced training. The improved methods worked out in the Engineering Section were placed at their disposal, and these were particularly valuable in the cases of brass and bell-metal manufacture, where the students have learnt to make some of the less complicated building and sanitary fittings hitherto imported, of cutlery—the manufacture of scissors, for example, has been standardised and an improved furnace introduced—and of pottery, for which a cheap and satisfactory kiln has been invented, as well as new processes of glazing which are expected to stimulate demand. Those who have set up for themselves after their training (and all *bona fide* industrialists) can receive the assistance and advice of the Industrial Engineer in meeting their practical problems. A marketing investigator was also appointed to study the conditions of demand and supply in the case of the smaller industries and to help in finding markets.

5. A valuable contribution to the work was that of the "Good Companions," an organisation of voluntary workers, which established a dépôt in Calcutta, where crafts products are displayed in an artistic and attractive fashion, and did much to revive the demand for the products of Indian craftsmanship.

6. Another feature of the year was the issue by the Tariff Board of the results of its enquiry into the conditions of the silk industry. On the basis of this report the Government of India have given a substantial degree of protection to the industry for a period of five years. It is the Director's aim to utilise the advantages so secured, to revive the old silk industry and to restore it, if possible, to something like its former pre-eminence. This can only be done in present conditions if more

scientific methods are introduced such as will enable Bengal silk to compete successfully with the products of other countries. This question and the question of general improvement in organisation are receiving the special attention of the department and of the Collectors of the silk-producing districts.

7. The Industrial Chemist's section continued its programme of research, without which industries cannot develop and expand. The work was based primarily on the practical problems referred by individual industrialists. Special attention was, as before, paid to soap manufacture, the potential importance of which in India is very great, and the investigations resulted in a satisfactory measure of success. Classes were held for training in soap-making. There is at the same time great scope for other oil-seed products, and India's position as one of the largest producers indicates the possibilities of great future development. A scheme for investigation on an all-India basis sent up from Bengal was under the consideration of the Imperial Council of Agricultural Research.

8. Progress was made too in the weaving and allied industries. The number of persons, both of the *bhadralok* and of the cultivating classes, who took up the spinning of various classes of materials, dyeing, etc., as a subsidiary occupation increased. Demonstration parties were at work, and a considerable number of persons, mainly from the Midnapore district, were taught the use of improved appliances. As in the case of silk, up-to-date methods are required if the industry is to thrive, and the scheme by which improved weaving appliances have been supplied to cottage weavers at cost price has proved very successful. The actual cost of the appliances so supplied amounted to Rs. 25,894, and the cost of packing and freight, borne by Government, to Rs. 10,536. The Director reports that the weaver is no longer satisfied with the *kutchha* construction usually found in the bazar

when he has once become familiar with the possibilities of a properly constructed loom.

9. The Bengal Tanning Institute maintained its record of useful work in all the main branches of its activities, viz., research, instruction and demonstration, during the year under review. The investigations carried out at the Institute and the technical knowledge in the improved tanning process imparted by it proved of great utility to the industry. It is noteworthy that the tanning industry in Bengal, particularly the manufacture of the better grades of chrome upper leather, has derived substantial advantages as a result of the Ottawa Agreement of 1932.

10. The progress of technical education in all its branches, including weaving education, was maintained during the year under review. In order to make the instruction imparted at the Government Weaving Institute at Serampore more practical, arrangements were made during the year with the authorities of the Banga Luxmi Cotton Mills located at Serampore to give the students of the Institute the benefit of a course of practical training in the mills simultaneously with theoretical training at the Institute.

11. For the considerable measures of achievement attained during a difficult year the Government of Bengal (Ministry of Industries) have much pleasure in thanking Mr. Weston, Mr. Dutt and the superior staff of the department. The Minister in charge also takes this opportunity of conveying his thanks to the members of the Board of Industries and other Boards and Committees associated with the department for the assistance rendered by them.

By order of the Govt. of Bengal

(Ministry of Industries),

Secy. to the Govt. of Bengal.

Resolution on the final report on the floods and relief operations in the district of Rajshahi during the year 1934.

GOVERNMENT OF BENGAL.

Revenue Department.

Miscellaneous.

CALCUTTA, THE 2ND MARCH 1935.

RESOLUTION—No. 3402Mrs.

Read—

Letter No. 4162J., dated the 8th December 1934, from the Commissioner, Rajshahi Division, submitting the final report on the floods and relief operations in the district of Rajshahi during the year 1934.

The report deals with the operations for the relief of distress caused by the floods of September 1934 in the district of Rajshahi. The abnormal rise in the river Padma from the second week of August caused serious flooding and extensive damage to crops. It reached its highest level by the first week of September when the water was 63·10 feet above sea level, and only a few inches less than the record rise to 64·24 feet in 1879. The low lying lands along the river and its distributaries in this and other districts were inundated, the area affected in Rajshahi district being 300 to 400 square miles. The southern portion of Godagari, Paba and Charghat in Sadar and Lalpur thanas and the western portion of the Baraigram thana in Nator subdivision suffered heavily; 53 villages in Charghat, 30 in Paba and 33 in Godagari police-stations in the Sadar subdivision, and the whole of the Lalpur police-station and unions VII and VIII of Baraigram, being inundated. The cultivators inhabiting the "chars" of the main river were naturally the worst sufferers, lands and houses being washed away and the *aus* crop destroyed. In the "chars" alone, about 2,500 houses collapsed.

Fortunately there was no loss of life or cattle as a direct result of the floods, and timely precautions by the health staff of the district board prevented the outbreak of epidemic diseases.

The distress was at first serious, but it did not last for long, and it is hoped that the inundation will in the end benefit public health and increase the fertility of the land.

Relief measures were promptly undertaken by local Government officers and the district board. To relieve the distress officers were sent out with boats and rice. People who lost their huts were brought, along with their cattle, to the main land. Shelter was given to the homeless, and food was distributed among the starving. A sum of Rs. 2,470 was raised locally for gratuitous relief, Rs. 1,000 was added by the Divisional Commissioner from the relief fund at his disposal, and a grant of Rs. 3,000 was made by Government. 4,198 maunds of rice with small quantities of *dal*, salt, oil, etc., were distributed, chiefly among the "char" people. A sum of Rs. 20,000 has been allotted by Government for distribution as agricultural loans in the district.

The water subsided by the beginning of October and conditions gradually became normal.

The Governor in Council is satisfied that the measures taken for the relief of distress were successful and adequate. He desires to record his appreciation of the good work done by Mr. A. S. Larkin, I.C.S., the Collector of the district, and his staff, by the district board and by relief committees. Among those who generously subscribed to the relief funds, the proprietors of the North Bengal Sugar Mills deserve special mention.

Order—Ordered that this resolution be published in the *Calcutta Gazette*.

Secy. to the Govt. of Bengal.

24-Parganas.—No. 654P.H.—9th March 1935.—In exercise of the power conferred by section 311 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Government of Bengal (Ministry of Public Health) are pleased to make the following rules for the regulation of the supply of filtered water to private pre-

mises in the Dum-Dum Municipality in the district of the 24-Parganas for domestic purposes only:—

Rules regulating the supply of filtered water to private premises for domestic purposes in the Dum-Dum Municipality.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow any owner or occupier of a holding, within the municipality, paying a water-rate imposed under the provisions of Chapter V of the Bengal Municipal Act, 1932, on the annual value of such holding, when such annual value is not less than Rs. 240, to lay down communication-pipes from the service pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions:—

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes or requiring any addition or alteration to an existing water-supply must apply for the same on a printed form, to be supplied free of cost, at the Dum-Dum Municipal Office and shall deposit with the application the sum of Rs. 5, which will be returned to him if within six months of the date of application he has paid the fee of Rs. 50 prescribed in rule 2 and which otherwise will be forfeited to the Commissioners.

2. A fee of Rs. 50 must be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply pipe or a common communication-pipe laid in accordance with rule 3 before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Except as provided below each holding must have a separate connection to the municipal main supply pipe and extensions from the communication-pipe of one holding to another holding shall not be permitted:

Provided that with the consent of the Commissioners in meeting connections to two or more holdings may be permitted from a common communication-pipe. Any such communication-pipe must be laid in a street or common passage, and a stop-cock and meter as provided for in rule 7 must be fixed on the connection to each holding:

Provided also that no holding shall have more than one separate connection, but if in any case the Commissioners are satisfied that an adequate supply to any holding cannot be given through a single connection, they may sanction a second connection thereto.

4. The owner or occupier of the holding in respect of which the connection is required must pay the entire cost of the connection including the supply and fixing of the fittings referred to in rule 7 and must also pay the costs of such alterations in or repairs to roads, drains, sewers, gas or water mains or pipes and the cost of such other works as may be necessitated by or result from the work of making such connection.

5. The owner or occupier of the holding to which a connection has been given must, at any time, on receipt of notice to do so from the Commissioners, pay the entire costs of

any repairs or alterations to the connection or any part thereof that the Commissioners may consider necessary to put it into satisfactory condition or which may be necessitated by any change in municipal water-works or system of distribution or by the defective condition of the connection or any part thereof or by any other cause whatever.

6. (1) The works required under rules 4 and 5 may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the holding in respect of which the works are required or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(2) No work shall be carried out under sub-rule (1) except under the supervision of a municipal officer.

7. A holding connection shall comprise the following parts or fittings:—

(a) A brass or gun-metal ferrule inserted in the main supply pipe;

(b) A galvanized iron communication-pipe from the ferrule to the meter;

(c) A stop-cock and its surface-box;

(d) A meter with the masonry-box complete with locking arrangement;

(e) Service pipe from the stop-cock to the taps; and

(f) Taps.

8. (1) All the fittings referred to in rule 7 shall be exact duplicate of standard samples kept in the office of the Commissioners and approved by them in meeting.

(2) All fittings shall be inspected and tested and stamped by an officer of the municipality before being fixed.

(3) If any owner or occupier shall desire to adopt any fitting of a pattern different from the standard patterns, he must present such fittings for the approval of the Chairman, and any fitting so presented may, if considered satisfactory by the Chairman, be stamped and samples thereof may be purchased and placed among the standard fittings.

9. The holding connection when fitted in position must be capable of standing a pressure of 150 feet and no water shall be supplied until it has stood such a test applied by the Commissioners.

10. The size of the ferrule and the diameter of the communication-pipe referred to in clauses (a) and (b) of rule 7 and the number of taps shall be fixed in accordance with the annual valuation of the holding as follows:—

Forests.

NOTIFICATION.

No 262For.—9th March 1935.—Government have had under their consideration the question of the preservation of wild birds and animals in forests owned by private proprietors, in some of which it is believed that animal and bird life has been seriously reduced or even in some cases exterminated by poachers and professional *shikaris*. The hunting, shooting and fishing rules framed under sections 26(1)(i) and 32(j) of the Indian Forest Act, 1927, do not apply to private forests, and their proprietors have no remedy against unauthorised hunters, but Government are advised that it is open to them under section 38(1)(b) of the Act on the application of the owners of private forests to apply section 32(j) of the Act to such forests and to make rules regulating hunting, shooting and fishing within their areas. They have accordingly framed the following model rules, which may be made applicable to any private forest by notification in the *Calcutta Gazette* on receipt through the Collector of a written application under section 32(1)(b) of the Act from the owners of the forest or, where there is more than one owner, of the owners of shares representing at least two-thirds of the properties.

BENGAL LEGISLATIVE COUNCIL DEPARTMENT.

NOTIFICATION.

No. 12901.L.C.—5th March, 1935. — It is hereby notified for general information that at the meeting of the Bengal Legislative Council held on the 28th February, 1935, a motion was carried that the Bengal Ferries (Amendment) Bill, 1934, by Maulvi Abdul Hakim, M.L.C., be circulated for the purpose of eliciting opinion thereon before the 1st June, 1935. Expressions of opinion by public bodies or by individuals interested in the said Bill, which is republished together with its Statement of Objects and Reasons in this Gazette, should be sent so as to reach the undersigned before that date.

J. W. McKAY,
Secy. to the Bengal Legis. Council.

THE BENGAL FERRIES (AMENDMENT) BILL, 1934.

A BILL

to amend the Bengal Ferries Act, 1885.

WHEREAS it is expedient to amend the Bengal Ferries Act, 1885, in the manner hereinafter appearing ;

It is hereby enacted as follows :—

- | | |
|---|---|
| Short title. | 1. This Act may be called the Bengal Ferries (Amendment) Act, 1934. |
| Extent and commencement. | 2. It extends to the whole of Bengal.
And it shall come into force at once. |
| Amendment of section 9 of Ben. Act I of 1885. | 3. At the end of section 9 of the Bengal Ferries Act, 1885, the words " provided such term shall not exceed three years " shall be added. |

STATEMENT OF OBJECTS AND REASONS.

The object of this short amendment is to fix the maximum limit to the period to which a ferry should be leased. In some places the ferries are leased to farmers for long periods, namely, 10 to 15 years. In the district of Mymensingh the first class ferries have been leased for 15 years and the second class ferries have been leased for 10 years to a very rich ferry farmer. A great deal of exaction and exploitation is committed by these long termed ferry farmers upon the ignorant and helpless passengers during this long period in respect of ferry charges to be realised on goods and conveyances such as *dulis*, carts and *palanquins*, etc. Monopoly of any trade is harmful to the best interest of people at large. It is also financially injurious to the best interest of District Boards themselves. This power of granting long lease has been instrumental to scaring away the small farmers making rooms for only big ones with big purses.

Another reason for this amendment is that a Board should not be allowed to tie the hands of its successor in respect of the management of the Board's finance. This practice of allowing one Board to forestall the actions of a succeeding Board is bound to interfere with the efficient management of a Board and is against the principle of electing a new Board every third year or fourth year. If one Board is allowed to tie down the financial hand of all future Boards, where is the necessity of having a new Board few years after ?

In the opinion of the mover a lease for a term not exceeding three years will be best suited to the legitimate interest of District Boards and ferry farmers alike.

ABDUL HAKIM,

Member-in-charge.

**BENGAL LEGISLATIVE COUNCIL
DEPARTMENT.****NOTIFICATION.**

No. 1322L.C.—6th March, 1935.—In pursuance of the provisions of rule 20 of the Bengal Legislative Council Rules, 1920, the following Bill which was introduced in the Bengal Legislative Council on the 28th February, 1935, is hereby published for general information together with the Statement of Objects and Reasons annexed thereto.

THE ESTATES PARTITION (AMENDMENT) BILL, 1934.

A
BILL*to amend the Estates Partition Act, 1897.*

WHEREAS it is expedient to amend the Estates Partition Act, 1897, in the manner hereinafter appearing ;

Ben Act
V of 1897.
5 & 6 Geo.
V., C. 61 ;
6 & 7 Geo.
V., C. 37 ;
9 & 10 Geo.
V., C. 101.

AND WHEREAS the previous sanction of the Governor General has been obtained under sub-section (3) of section 80A of the Government of India Act to the passing of this Act ;

It is hereby enacted as follows :—

Short title. 1. This Act may be called the Estates Partition (Amendment) Act, 1934.

Commencement of the Act. 2. This Act shall come into force at once ; and it shall apply not only to partition proceedings which may be instituted hereafter, but also to such proceedings commenced before the passing of this Act but not finally disposed of.

Amendment of section 5 of Bengal Act V of 1897. 3. In section 5 of the Estates Partition Act, 1 7, after sub-section (5), the following sub-section shall be inserted, namely :—

“(6) Notwithstanding anything contained in sub-section (3) of section 5, if the interest of such recorded proprietor consists of an undivided share held in common tenancy in specific mouzas or tracts forming part of the parent estate but not extending over the whole area of the parent estate, the Collector, may, if he thinks it equitable and convenient, assign to him as his separate estate lands, either from such specific mouzas or tracts, or from other mouzas or tracts or partly from such mouzas or tracts and partly from other mouzas or tracts of the parent estate, the assets of which shall bear the same proportion to the assets of such specific mouzas or tracts as his undivided share in such specific mouzas or tracts bears to the entire mouzas or tracts.”

STATEMENT OF OBJECTS AND REASONS.

It has been found that the provisions of sub-section (3) of section 5 of the Estates Partition Act V, 1897, may be used by a designing proprietor to cause serious inconvenience and irreparable mischief to another co-sharer proprietor and to tie the hands of the partition authorities in making an equitable partition.

For instance, suppose A and B are the two proprietors owning, respectively, 15-annas and 1-anna share in an undivided estate held in common tenancy. A does not live within the estate, but B has his homestead in it. There is a block of common land just contiguous to B's house forming his compound which, on the grounds of equity, convenience and compactness should be allotted to B at the time of partition, in respect of his 1-anna share. With a view to cause serious inconvenience to B, A selects that very block and transfers his 15-annas share of it to his son C. C gets his name registered and then A or B or C applies for partition.

Under section 5, sub-section (3), as it now stands, the partition authorities are bound to form a separate estate for C with 15-annas of that block, and they have no power to allot the entire block to B and to compensate C by other lands of equal assets.

The Bill is intended to remove this defect and empower the partition authorities to make an equitable partition notwithstanding any device which may cause difficulty and inconvenience to a co-sharer.

NOTIFICATION.

No. 1793M.—1st March 1935.—The following is published for general information under section 41 of the Licensed Warehouse and Fire Brigade Act, 1893 (Bengal Act I of 1893).

G. S. DUTT,

No. 1675M., dated Chinsura, the 6th September 1934.

Memo.—By L. B. Burrows, Esq., C.B.E.,
Commissioner of the Burdwan Division.

Copy of memorandum No. 3584G., dated the 17th August 1934, from the District Magistrate of Howrah, with enclosures, forwarded to the Secretary to the Government of Bengal, Local Self-Government Department, for information.

2. In accordance with Government orders communicated in memorandum No. 544M. of the 7th February 1934, the question of the proposed reduction in the amount payable by the Howrah Municipality from 14 per cent. to 10 per cent. is to be considered after Garden Reach is separated from Calcutta.

No. 3584G., dated Howrah, the 17th August 1934.

Memo.—By the Magistrate of Howrah.

Copy of the following, forwarded to the Commissioner of the Burdwan Division, Chinsura.

No. 1535G., dated Howrah, the 11th August 1934.

From—B. C. Datta, Esq., M.A., I.L.B.,
Bar.-at-Law, Chairman, Howrah Municipality,

To—The Magistrate of Howrah.

As requested in your letter No. 3112-G., dated the 17th July 1934, I have the honour

to submit herewith two statements, one showing the warehouses licensed under the Fire Brigade Act and the other showing the receipts and disbursements on account of the same for the year 1933-34. The former statement has been prepared in accordance with the instructions contained in the Government of Bengal, Municipal Department, letter No. 470M., dated the 14th February 1917, to the Commissioner of Burdwan Division, a copy of which was forwarded under his memorandum No. 137/XXIII-8, dated the 16th February 1917.

The collection of fees worked out to be 69·3 per cent. of the arrear demand and 90·5 per cent. of the current demand as against 83·3 per cent. of the arrear demand and 89 per cent. of the current demand of the year 1932-33. The demand for the year under report amounted to Rs. 28,174 and the collection to Rs. 24,859 as against Rs. 26,191 for demand and Rs. 23,237 for collection respectively for the year 1932-33.

The contribution which the Commissioners were called upon to pay for the maintenance of the Fire Brigade amounted to Rs. 57,837.

The directions contained in the first proviso to section 10 of the Act have been followed.

May I take the liberty of pointing out on the one hand the differences between our collections and the payments we are compelled to make to the Fire Brigade and the percentage of charges to which we are assessed. Having regard, however, to the number of cars that are maintained in Howrah and in Calcutta, the percentage of 14 per cent. on Howrah is out of all proportion to that to which the Calcutta Corporation is assessed.

The percentage of 14 per cent. is therefore highly iniquitous and ought to be reconsidered.

No. F. B. 545, dated Calcutta, the 13th September 1934.

From—L. H. Colson, Esq., C.I.E., J.P., I.P., Commissioner of Police, Calcutta,

To—The Secretary to the Government of Bengal, Local Self-Government Department,

I have the honour to submit the report on the working of the Calcutta Fire Brigade for the year ending the 31st March 1934, as drawn by A. Frederick, Esq., officiating Chief Officer, Calcutta Fire Brigade.

No. F. B. 543, dated Calcutta, the 13th September 1934.

From—A. Frederick, Esq., officiating Chief Officer, Calcutta Fire Brigade,

To—The Secretary to the Government of Bengal, Local Self-Government Department.

(Through L. H. Colson, Esq., C.I.E., J.P. I.P., Commissioner of Police, Calcutta.)

I have the honour to submit the following report on the working of the Calcutta Fire Brigade for the year ending the 31st March 1934.

The work of the department during the year under review has been normal.

Financial statement.—The statement of receipts and expenditure and payments made by municipalities within the jurisdiction of the Fire Brigade and Licensed Warehouse Act (I of 1893) is given in Appendix I.

The cost of maintenance of the Fire Brigade is derived from contributions by (a) the Calcutta Municipality and (b) the Howrah Municipality, the former contributing 86 per cent. and the latter 14 per cent.

Fees for licensed warehouse are charged under section 10 of the Licensed Warehouse and Fire Brigade Act, I of 1893, and are levied at 10 per cent. of the annual valuation of warehouses, subject to a maximum of Rs. 1,500 per warehouse per annum, and the income thus derived is credited to the Fire Brigade Fund and deducted from the amount required from the municipalities concerned.

During the year 1932-33, 40 per cent. of the contribution required from the Calcutta Municipality was derived from this source, leaving 60 per cent. only to be contributed from the rates. The contribution from the Calcutta Municipality to the Fire Brigade Fund in 1932-33 was Rs. 3,31,617. A similar percentage approximately applies to the Howrah Municipality, which contributed Rs. 45,000 in 1932-33. Rs. 2,016 were received in fees for attending fires outside the jurisdiction of the Calcutta Fire Brigade.

I am glad to be able to report that increased income has been derived from taxation under the above Act.

Fires, etc.—The total number of calls for fires or supposed fires was 534, being a decrease of 43 as compared with the previous year and a decrease of 106 as compared with the average of the past ten years. The actual number of calls for fires was 437, which shows a decrease of 3 as compared with the previous year, and the number of fires classed as serious (i.e., over Rs. 20,000 damage per fire—see Appendix III) was 18 against 16 in the previous year.

The following statement shows the hours when the calls were received :—

I am pleased to record that the number of wilful false alarms made by the public from street fire alarms have immensely decreased. This year 48 alarms of this nature were received, which shows a decrease as compared with 72 in 1932-33 and an average of 88 during the past ten years.

Regarding false alarms of fire by private telephones I am glad to report that very little trouble occurs in this connection and the number is negligible. This is due to the much appreciated action of the Bengal Telephone Company in disconnecting subscribers who permit their instrument to be used for such purposes, either knowingly or unknowingly; otherwise there is no doubt the number of false alarms from this source would have been much greater. Five false alarms of this nature were received during the year under review against three in the previous year.

Seventeen false alarms were due to electrical defects in the street fire alarm system as compared with 34 during the previous year. The number of false alarms either accidental or given with good intent is 6 (19 in 1932-33).

The calls were classified as follows:—

Fires	437	(440)
False alarms, wilful from street fire alarms	48	(72)
False alarms, due to electrical defects ..	17	(34)
False alarms, given with good intent or accidental	6	(19)

False alarms, due to lightning ..	3	(2)

	<hr/> 534	<hr/> (577)

(The figures in brackets refer to the previous year.)

On 121 days 1 fire or supposed fire occurred ..	121
On 78 „ 2 fires or supposed fire occurred ..	156
On 46 „ 3 ditto ..	138
On 19 „ 4 ditto ..	76
On 4 „ 5 ditto ..	20
On 1 day 7 ditto ..	7
On 2 days 8 ditto ..	16
	<hr/> 534

The actual number of calls received during the year was 774 as compared with 839 during the previous year. These figures include instances where more than one call was received for the same fire, and are given for the purpose of classifying and comparing the means by which calls for fires, etc., are given.

These calls were transmitted to the Fire Brigade as follows:—

By private telephones, 471 (473 in 1932-33); by street fire alarms, 264 (326 in 1932-33); by messengers giving information at fire stations, 35 (28 in 1932-33); by direct fire telephones from theatres, cinemas, public buildings, etc., 3 (9 in 1932-33); by firemen on "Lookout" duty, 1 (3 in 1932-33).

Regarding the calls for actual fires in 145 cases the first information was transmitted to the Fire Brigade by means of street fire alarms, in 262 cases by private telephones, in 30 cases by messengers.

Means by which fires were extinguished.—In 255 cases fires were extinguished by first-aid machines, chemical fire extinguishers, buckets of water by firemen, or by occupiers before the arrival of the Fire Brigade; in 69 cases by 1 motor fire engine; in 29 cases by cutting or disconnecting electric fuses; in 18 cases by 2 motor fire engines; in 30 cases by the application of sand; in 6 cases by hydrants; in 8 cases by 3 motor fire engines; in 1 case by 1 motor fire engine and fire float; in 2 cases by 4 motor fire engines; in 1 case by 5 motor fire engines; in 2 cases by 3 motor fire engines and fire float; in 1 case by 4 motor fire engines and trailer pump; in 1 case by 4 motor fire engines and trailer pump and fire float; in 1 case by 5 motor fire engines, trailer pump and hydrants; in 2 cases by 5 motor fire engines, trailer pump and fire float; in 1 case by 6 motor fire engines and fire float; in 1 case by 6 motor fire engines and hydrants; in 1 case by 7 motor fire engines and trailer pump; in 1 case by 7 motor fire engines, hydrants and fire float; in 2 cases by 7 motor fire engines; in 1 case by 8 motor fire engines; in 1 case by 8 motor fire engines, trailer pump and fire float; in 1 case by 8 motor fire engines, hydrants and trailer pump; in 1 case by 8 motor fire engines, hydrants; in 1 case by 8 motor fire engines and trailer pump.

Fires in licensed premises.—Thirty-one fires occurred in premises licensed under the Licensed Warehouse and Fire Brigade Act, I of 1893, as compared with 38 during the previous year.

Fire loss.—The total damage caused by fire and water during the year has been estimated at Rs. 21,25,610 as against Rs. 19,51,570 of the previous year. The average total damage per annum for the past ten years is Rs. 10,73,990. The increase is due to a series of serious jute fires and ship fires, the causes of which could not be ascertained. The average damage per fire is Rs. 3,980 as compared with Rs. 3,382 for the previous year, and an average of Rs. 1,675 per fire for the past ten years.

The loss per fire is classified as follows:—

289 fires under Rs. 100	..	(287)
91 „ from Rs. 100 to Rs. 1,000	..	(87)
25 „ „ Rs. 1,000 to Rs. 5,000	..	(35)

Appliances.—The following is a list of the principal appliances now in commission by the Calcutta Fire Brigade:—

Twenty motor fire engines as follows:—

One motor pump, 600-800 gallons per minute capacity, fitted with scaling ladders, etc. (motor pump No. 2).

Five motor pumps, 500-700 gallons per minute capacity, fitted with telescopic fire escapes (55 feet), etc. (motor pumps Nos. 1, 15, 18, 19 and 20).

Two motor pumps, 450-550 gallons per minute capacity, fitted with telescopic ladders, first-aid cylinders and reels, scaling ladders, etc. (motor pumps Nos. 9 and 10).

Three motor pumps, 450 gallons per minute capacity, fitted with first-aid cylinder and trussed telescopic ladders (motor pumps Nos. 14, 11 and 8).

Three motor pumps, 400-500 gallons per minute capacity, fitted with first-aid cylinders, telescopic ladders and reels, etc. (motor pumps Nos. 5, 6 and 7).

Three motor pumps, 300 gallons per minute capacity, fitted with telescopic ladders, first-aid cylinders and reels, etc. (specially designed for use in narrow streets and congested area) (motor pumps Nos. 3, 12 and 16).

Two “G” type low-load line motor pumps, 250-300 gallons per minute capacity, fitted with 35 gallons “first-aid” cylinders and 30 feet trussed telescopic ladders (motor pumps Nos. 4 and 17).

One motor trailer pump, 250 gallons per minute capacity (specially designed for use in positions that cannot be reached by the ordinary type of motor fire engines).

One mechanically-operated 85 feet motor turntable ladder, 3 lorries, 1 motor car, 24 hook ladders, 56 scaling ladders, 13 smoke helmets and breathing apparatus, 63,900 feet of 2½-inch unlined canvas hose, etc.

The appliances are distributed as follows:—

It is estimated that the motor fire appliances travelled 14,858 miles during the year to and from calls as compared with 15,916 miles in the previous year.

The following statement gives the number of times each motor fire engine has been turned out in response to calls:—

The total number of pumping hours at fires during the year was 1,571 hours 15 minutes as compared with 1,732 hours 30 minutes in the previous year.

Fire stations.—Appendix IV gives the number of times each fire station has been turned out in response to fire calls, together with monthly statements.

Staff.—The strength of the Brigade during the year was 271 as detailed below:—

One Chief Officer, 1 Second Officer, 1 Chief Engineer, 5 Station Officers, 8 Engineers, 7 European firemen, 1 Warehouse Inspector, 3 clerks, 1 store-keeper, 3 telephone operators, 2 carpenters, 2 lathe-mechanics, 1 fitter, 1 blacksmith, 1 tinsmith, 10 Indian drivers, 1 head-tindal, 21 tindals, 178 khallasias and 13 menial employees.

The conduct and discipline of the staff throughout the year have been exemplary.

Fatalities and accidents.—Appendix VI gives short reports of fires and special occurrences involving loss of life or serious accidents.

The number of lives lost during the year under review is 8 as compared with 11 in the previous year.

Four persons were injured at fires as compared with 13 in the previous year.

I am again glad to report that no serious accidents occurred during training recruits, or at drill.

In all cases, where necessary, first-aid was rendered by the Fire Brigade and the injured persons conveyed to hospital by motor ambulances.

Water mains.—I am glad to mention that action is being taken to provide sluice valves, etc., on the mains used for fire fighting. Under the existing circumstances when it is necessary to repair mains or add fresh connection practically the whole of the water-supply system has to be closed down and improvised arrangements made to enable the Fire Brigade to deal with the situation. Although no serious fire occurred when the water-supply was not available the danger of fires taking a serious turn is ever present, and I would urge that more attention should be given for putting up additional sluice valves so that the water-supply need not be closed down for repairs, etc.

The Cossipore-Chitpore area bounds with extremely serious fire risks, mostly consisting of jute warehouses and presses. Water has to be obtained from tanks or ponds (many of which are replenished by rainfall only) so at every fire motor pumps have to be utilised, as otherwise no water under pressure is available. This necessarily means some delay in getting to work, which would be obviated if water mains were installed. The nature of the risk involved is such as to render any delay whatever very dangerous, and there is no doubt that the installation of an efficient supply of water under pressure would enable the Fire Brigade to cope with many fires in their early stages and thus prevent them developing into serious fires.

For many years this has been pointed out in the Annual Report and also the fact that many of the tanks and ponds, which were formerly accessible, have now been filled up for sanitary reasons or to provide building sites.

A scheme for providing the necessary water-supply was discussed by the Corporation several years ago, but so far no action has been taken.

I would again stress that special attention be paid to the provision of a water-supply system for Cossipore-Chitpore area and immediate action taken.

Conditions in Howrah district are similar to those in the Cossipore-Chitpore areas. The Brigade has to rely on the river and tanks for an adequate supply of water. In Howrah also most of the available tanks are being filled in for sanitary reasons or to provide sites for building.

Although under a scheme approved of for the provision of hydrants in suitable positions in the mains supplying water to the overhead reservoirs some hydrants have been put up, I have to report that the risk of a great fire developing in the Howrah district is ever present, and it is hoped that the municipal authorities will considerably increase the number of these hydrants.

The fact that the fire float cannot approach certain portions of the Howrah river bank at low tide further complicates matters, and often the greatest difficulty has been experienced in obtaining sufficient water even to stop fires from spreading.

Fire float.—The fire float (5,000 gallons per minute capacity) is stationed on the river opposite the Prinsep's Ghat. During the year under review it has responded to 14 calls as compared with 12 calls in the previous year.

Street fire alarms, telephone and electrical communication.—I am pleased to record appreciation of the work done by the Bengal Telephone Company, and the thanks of the Brigade are due to every member of that Company. The telephone operators have been very efficient in their duties and all necessary repairs to fire alarms, telephones, etc., have been carried out without delay.

The street fire alarm system, comprising some 150 points, is maintained by the Bengal Telephone Company in a highly creditable manner.

The number of false alarms due to electrical defects in this system is 17 for the year under review as compared with 34 in the previous year.

Inspection department.—The majority of theatres, cinemas and other places of public amusement with few exceptions have no serious fire risks. The work of inspecting these premises is carried out by a Corporation official, but before licenses are granted by the Corporation they are inspected by a Fire Brigade Officer in regard to fire precautions and other matters relating to public safety.

There were no serious fires during the year in theatres, cinemas or places of public amusement.

In connection with the Licensed Warehouse and Fire Brigade Act, I of 1893, 6,564 inspections of warehouses have been made during the year. Six hundred and twenty-three applications and complaints have been attended to and disposed of. Two hundred and thirty-six

prosecutions were made under section 14 of Act I of 1893, which resulted in 197 persons being fined, the fines aggregating in all Rs. 997. Eleven persons were warned and discharged, 2 persons acquitted, 17 cases were withdrawn and 9 cases were filed owing to their being no trace of the parties concerned.

General.—The Calcutta Fire Brigade protects the city of Calcutta and the Municipality of Howrah, and may attend fires outside the boundaries of the above, but not exceeding a radius of 6 miles from Fire Brigade headquarters, provided appliances can be spared, and on payment of a prescribed fee. The total area protected is approximately 120 square miles comprising a population of over 2,000,000 persons.

The Fire Brigade headquarters is stationed in a portion of the Samavaya Mansions, rented for the purpose. The place is extremely congested and unsuitable for the purpose of the Fire Brigade. There is no drill yard, drill tower, or drying tower and the workshop accommodation is extremely limited.

A proposal for construction of an up-to-date Fire Brigade headquarters on the "Free School" site at an estimated amount of Rs. 6,60,000 has been submitted to the municipalities concerned and Government, and it is hoped that the matter will receive due consideration so that the Fire Brigade may have headquarters of their own. It may be noted that the total rent paid up to date amounts to Rs. 5,98,000.

On 2nd January 1934, a Fire Brigade Exhibition and Tournament was held at the Central Avenue Fire Station. Their Excellencies the Viceroy and the Countess of Willingdon honoured the Fire Brigade by their presence and presented Long Service Medals to Station Officers Tucker and Fraser.

Rules.

1. Every manufacturer wishing to be admitted to the concession shall make an application through the Collector of Customs to the Government of Bengal stating the process of manufacture in which he intends to use the salt. If he wishes the concession to extend to more than one factory or works, a separate application is required for each such factory or works.

2. If the application is sanctioned, the manufacturer shall forthwith execute and lodge with the Collector of Customs a memorandum in the form appended to these rules. He shall also pay to the Collector of Customs a fee of Rs. 100 a year to cover the cost of requisite inspections and other departmental expenses involved:

Provided that if a manufacturer is admitted to a concession both in regard to imported salt and also in regard to manufactured salt, not more than a single fee shall be charged for each factory or works.

3. (1) The manufacturer shall in the first instance provide himself with salt, for use in the process mentioned in his application to Government under rule 1, by purchase in the market, and shall at the close of each quarter submit to the Collector of Customs an application for a refund of duty on the salt used in the said process during the quarter.

(2) The application shall contain the following particulars:—

- (i) the balance of salt in store at the beginning of the quarter,
- (ii) the quantity of salt purchased during the quarter,

- (iv) the balance of salt in store at the close of the quarter, and
- (v) the quantity, weight and such other details as may be required of products manufactured during the quarter.

(3) The application shall also contain a declaration that the salt on which a refund of duty is applied for has been used *bona fide* in the process of manufacture and has not been used for any other purpose.

4. (1) The manufacturer shall provide and set apart for the storage of salt, purchased for use in the process of manufacture, a store-room securely constructed and with a strong door capable of being locked to the satisfaction of the Collector of Customs.

(2) Separate storage must be provided for salt manufactured in British India and for imported salt.

5. (1) The store-room shall not be opened except during daylight and by or in the presence of the store-keeper at the factory, and then only—

- (c) for check by weighment or otherwise of the stock of salt by the officer deputed on behalf of Government for the purpose.

(2) The store-keeper, who shall be approved by the Collector of Customs, shall retain the key of the store-room in his own possession.

6. All spent lye or other useless refuse containing salt shall be effectually destroyed on or near the factory or works in such manner as the Collector of Customs may direct.

7. The factory or works may be entered upon and examined at any time by any officer authorised by the Collector of Customs, and due facilities for the same and for the inspection of the manufacturer's salt register, as well as for checking the stock of salt received, expended and in hand, shall be afforded by the manufacturer and all other persons employed by him.

8. (1) The register referred to in rule 7 shall be written up daily and signed by the manufacturer or his manager, and shall be in the form hereto annexed.

In every case this operation shall be carried out at the Sulkea Salt Golas.

4. When a manufacturer, whose application under rule 1 has been granted, intends to render any salt unfit for human consumption under these rules, not less than 24 hours' notice of such intention shall be given to the Inspector or other officer in charge of the Sulkea Salt Golas.

5. The operation of mixing the denaturant and salt shall be supervised by a special officer, who shall be deputed by the Inspector or other officer in charge of the golas at the expense, not exceeding Rs. 8 per diem, of the person applying for his services.

6. The Inspector or other officer in charge shall be responsible that not less than the prescribed quantity of denaturant is used.

7. Before permitting the removal of the denatured salt from the golas, the Inspector or other officer in charge shall satisfy himself by a personal inspection that the process of denaturation has been thoroughly performed, and shall also require the owner of the denatured salt to furnish a written guarantee that it is intended solely for use in a process of manufacture, which such owner shall specify, and that every possible precaution will be taken to prevent the article from being stolen or restored to a condition fit for human consumption.

8. Any proved case of duty-free denatured salt having been restored, or attempted to be restored, to a condition fit for human consumption shall disqualify the owner of the manufactory whence the impure article was obtained from being a custodian or consumer of such salt in future, and render the remainder of his stock of duty-free denatured salt liable to confiscation.

Bills introduced in the Bengal Legislative Council, Reports of Select Committees presented or to be presented to that Council, and Bills published before introduction in that Council.

**BENGAL LEGISLATIVE COUNCIL
DEPARTMENT.**

NOTIFICATION.

No. 1381L.C.—13th March, 1935.—The following report of the Select Committee on the Indian Stamp (Bengal Amendment) Bill, 1935, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

Report of the Select Committee on the Indian Stamp (Bengal Amendment) Bill, 1935.

We, the members of the Select Committee of the Bengal Legislative Council to which the Indian Stamp (Bengal Amendment) Bill, 1935, was referred by a motion carried in the Bengal Legislative Council on the 14th February, 1935, have the honour to submit this our report with the Bill embodying amendments recommended by us annexed. All matter recommended to be omitted has been printed in *italics* and enclosed in square brackets, and all new matter inserted has been underlined.

2. The Bill was published in English in the *Calcutta Gazette, Extraordinary*, of the 28th January, 1935.

3. The Committee met for the first time on the 23rd February, 1935, and concluded its sittings on the 25th February, 1935.

4. We do not consider that the Bill has been so altered as to require republication.

5. The changes made in the Bill are as follows:—

Clause 1.—We have added a sub-clause to limit the duration of the enhanced stamp duties to three years.

Clause 5.—We have altered the year "1934" to "1935".

Clause 7.—In item (17) we have omitted sub-item (i) which sought to raise the stamp duty on the mortgage of a crop when the loan is repayable within three months from the date of the instrument.

In item (23) we have omitted those words which sought to raise the duties on a settlement to the level of those payable on a conveyance; and have added a provision to raise the minimum duty on an instrument of settlement from twelve annas to one rupee. The need for this addition arises from the amendment to clause (c) of Article No. 5 which is provided in item (2) of clause 7.

6. We recommend that the Bill as reported on by us, be passed.

*KESHAB CHANDRA BANERJI.

J. W. MCKAY,

Secretary to the Bengal Legislative Council

Minute of dissent by Rai Bahadur Keshab Chandra Banerji, M.L.C.

I sign the Report subject to the following minute of dissent.

I am opposed to any increase of taxation until there is a distinct improvement in the economic condition of the country. The proposed enactment will prejudicially affect the interest of the landed classes as well as of businessmen. While there has been a considerable depreciation in the value of landed properties owing to continued slump in the jute market, the margin of profit from business has also been greatly reduced. It is unfortunate that Government should think fit to enhance stamp duties at such a time—an additional imposition which will affect those who have been hard hit by the economic depression. I am not on principle opposed to taxation provided that the people have the capacity to bear the burden and there is necessity for it. On the contrary, those who have a fixed monthly income are the proper persons to be taxed, but we find that they are going to benefit at the expense of others. The restoration of the remaining 5 per cent. cut in the salaries of Government officers only confirms that view.

I am glad that the Select Committee have proposed the addition of a sub-clause to clause (1) limiting the duration of the enhanced stamp duties to three years, a change which I greatly welcome; but I think the amendment should take the following form, namely:—

“(4) Sections 3, 4, 6 and 7 shall remain in force for three years only or till the introduction of the Reforms if the latter is earlier and thereafter the Indian Stamp Act, 1899, shall have force as if it had not been amended by the said sections.”

THE INDIAN STAMP (BENGAL AMENDMENT) BILL, 1935.

(*Embodying amendments recommended by the Select Committee.*)

[NOTE.—All matter omitted by the Select Committee has been printed in italics and enclosed in square brackets and all new matter inserted has been underlined.]

A BILL

further to amend the Indian Stamp Act, 1899.

AND WHEREAS the previous sanction of the Governor General has been obtained under sub-section (3) of section 80A of the Government of India Act, to the passing of this Act ;

**BENGAL LEGISLATIVE COUNCIL
DEPARTMENT.****NOTIFICATION.**

No. 1382L.C.—13th March, 1935.—The following report of the Select Committee on the Bengal Electricity Duty Bill, 1935, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

Report of the Select Committee on the Bengal Electricity Duty Bill, 1935.

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Electricity Duty Bill, 1935, was referred by a motion carried in the Bengal Legislative Council on the 12th February, 1935, have the honour to submit this our report with the Bill embodying amendments recommended by us annexed. All matter recommended to be omitted by the Select Committee has been printed in *italics* and enclosed in square brackets and all new matter recommended to be inserted has been underlined.

2. The Bill was published in English in the *Calcutta Gazette, Extraordinary*, of the 28th January, 1935.

3. We do not consider that the Bill has been so altered as to require republication.

4. The Committee met for the first time on the 19th February, 1935, and concluded its sittings on the 27th February, 1935.

5. The more important changes made in the Bill are as follow :—

Clause 1.—We have added to sub-clause (9) a provision to limit the duration of the Act to three years.

Clause 2.—The addition of the words “other than a distributing licensee” is necessary, as otherwise in certain cases duty would be leviable twice on the same energy.

Clause 3.—Duty is leviable only on energy consumed for the purpose of lights and fans and, as in practice the amount of energy so consumed is measured by meters after transmission and transformation, the words “excluding losses of energy in transmission and transformation” are unnecessary.

We have recast the proviso so that it provides for the exemption also of mines, places of public worship, burial-grounds, vessels and certain charitable institutions.

Clause 3A.—This new clause exempts newly-formed electrical undertakings during the first three years following the date on which they commence supply.

Clauses 4, 5 and 6.—The Bill as originally drafted made no express provision for the collection and payment of the duty leviable on energy generated by persons who are not licensees. We have added a new sub-clause to clause 4 to remove this defect, and have made consequential changes in sub-clause (1) of clause 4 and in clauses 5 and 6.

Clause 7.—This clause has been redrafted so as to include provision for the recovery also of duty leviable on energy other than energy supplied by a licensee.

Clauses 8 and 9.—We consider it unnecessary to provide a penalty for the breach, without distinction, of all the rules contemplated by clause 9, and have made amendments accordingly.

Clause 8A.—We have added this new clause, mainly on administrative grounds, to exempt small private generating plants.

The First Schedule.—*Item (2).*—The scale contained in this item is intended to apply only where the unmetered supply of energy is by a licensee. We have amended the item to make this clear.

The Second Schedule.—Item (4a).—This addition is consequential on our inclusion of mines in the proviso to clause 3.

Item (8).—This item replaces explanation 2(a) of the Schedule as originally drafted, makes its meaning clearer and provides in addition for the exemption of small shops.

Explanations 2 and 3.—The changes here are consequential on the addition of item (8).

6. We recommend that the Bill, as reported on by us, be passed.

*Signed subject to his minute of dissent annexed.
NOTE.—The signature of Babu Jitendralal Bannerjee had not been received up to the time of publishing the Report.

Minute of dissent by Babu Jatindra Nath Basu, M.L.C.

The limitation of the period during which the Bill is to operate and the exclusion of new concerns for 3 years will remove some of the serious objections to the measure. But the price that consumers in many localities outside Calcutta have to pay for energy is not economical to the consumers. The measure should provide for exemption from payment of duty of those consumers who pay more than four annas per unit.

Minute of dissent by Rai Bahadur Satyendra Kumar Das, M.L.C.

I sign the report subject to the following minute of dissent :—

As 80 per cent. of the amount of the proposed taxation will be available from the city of Calcutta alone the operation of the Act should be limited to Calcutta only. The unit charge being the lowest in Calcutta the number of units under item (7) of the Second Schedule under the head "Exemptions" should be 12 units for Calcutta, and 24 units for mufassal towns, as chargeable unit rate in Calcutta is practically less than half the rate charged in mufassal towns. I reserve my other comments for the next opportunity during the consideration of the Bill in the Council.

Minute of dissent by Mr. Narendra Kumar Basu, M.L.C.

Clause 3.—In the proviso to clause 3, I would add "girls' schools". It is well known that most girls' schools in the province are run at a loss and the exemption of these from the operation of the Act would be in accordance with the professed solicitude of the Government for female education in the province.

Minute of dissent by Khan Bahadur A. F. M. Abdur-Rahman, M.L.C.

I sign the report subject to my note of dissent that in the Second Schedule in item No. (7) in place of 12 units there should be at least a minimum of 18 units otherwise it will be practically no relief to the middle class people.

2. The Bill was published in English in the *Calcutta Gazette, Extraordinary*, of the 28th January, 1935.

3. We do not consider that the Bill has been so altered as to require republication.

4. The Committee met for the first time on the 19th February, 1935, and concluded its sittings on the 6th March, 1935.

5. The more important changes made in the Bill are as follows:—

Clause 1.—We have added a provision to sub-clause (3) to limit the duration of the Act to three years.

Clause 2.—We have expanded the definition of "Collector," outside Calcutta, so that it may cover any officer, *e.g.*, an Additional Collector of a district, duly empowered by Government.

We have added a definition of "Superintendent of Excise" so as to enable an Inspector of Excise who is in charge of a district to exercise the powers of a Superintendent under the Act.

Clause 3.—We have fixed a period of time in sub-clause (1) instead of leaving a period to be prescribed by rules.

Clause 6.—We have made it clearer that the penalty in clause 6 refers to the selling of tobacco without a license.

Clause 8.—We have removed from the Bill all provisions for, or regarding, the confiscation of tobacco or other articles. Hence the changes in this clause, our amendment of sub-clause (b) of clause 12 and the deletion of clauses 14 and 15.

Clause 11.—In sub-clause (c) we have restricted the power of entry to Excise officers not below the rank of a Sub-Inspector of Excise.

Clause 12.—We have provided in sub-clause (a) that the arrest of any person without a warrant shall be limited to cases where the person refuses to give his name and address or gives a name and address which is believed to be false.

Clauses 14 and 15.—Omitted, *vide* explanation against clause 8.

Clause 18.—We have added sub-clause (1a) to make the intention clearer.

Clauses 21 and 21A.—These jointly replace clause 21 as originally drafted, and are intended to make clearer the procedure contemplated.

Clauses 24 and 26 (3).—The original drafts were defective inasmuch as they made provision for Collector's warrants only. We have removed this defect.

Clause 22.—The changes made are consequential on changes made in clause 8 (1) and clause 11.

6. We recommend that the Bill, as reported on by us, be passed.

Minute of dissent by Dr. Nares Chandra Sen Gupta, M.L.C.

I regret I cannot agree with the scheme of the Bill.

It must be remembered that the Bill is not meant to be penal, but only a revenue measure designed to recover a very small amount of revenue from sellers of tobacco. On payment of the very small revenue of Rs. 6 or less the holder of the license is to be able to sell an unlimited quantity of tobacco unlike an excise licensee who has to pay the tax according to the quantity of the excisable article sold.

Yet this Bill prescribes penalties out of all proportion to the requirements of the case and lays down an elaborate procedure mainly borrowed from the Excise Act which would be wholly unnecessary for the end in view, and, if abused, might lead to utterly needless harassment of persons for a small matter of Rs. 3 or Rs. 6.

The correct model for a measure of this kind intended to realise small revenues is not to be found in the Excise Acts which are designed for a different category of revenue offences but in the provisions of the Railways Act for realisation of fares from passengers by penalising travelling without tickets (Sections 113 and 132). Section 113 of the Railways Act provides that for travelling without a ticket or without payment of a proper fare the offender has to pay a small fixed penalty, not exceeding the single fare payable on the difference payable, to the authorised railway officer demanding the same. Sub-section (4) of the section provides that on his failure to pay the fare plus the penalty on demand a magistrate may realise the amount as a fine and pay it to the Railway administration.

An alternative model is provided by the Public Demands Recovery Act under which a certificate may be issued and executed by the Certificate Officer after hearing objections, if any, leaving it open to the Certificate debtor to go to the Civil Court in case he contests his liability to pay.

On these lines I should suggest the omission of the clauses 6-9, 13-18, 20-26 and substitute in their place one or the other of the following alterations:—

I.

“Clause 6.—(1) Whoever sells or for the purpose of sale exposes or keeps tobacco in contravention of section 4 shall be liable to pay on demand by an excise officer authorised in this behalf by any general or special order of any Excise Officer not below the rank of an Inspector of Excise in charge of a district, a penalty hereinafter in this section mentioned, in addition to the prescribed license fee payable by him unless he has taken out a license already.

Section 113 Railways Act.

(2) The penalty referred to in sub-section (1) shall be—

(a) Where the person does not hold a license granted under section 5, a sum equal to twice the amount of the license fee payable by him under the rules;

(b) Where he holds a license under section 5 but has acted in contravention of the terms of the license, a sum equal to the amount of the license fee payable by him.

(3) If such person fails or refuses to pay the amount payable by him under this section on demand by an Excise Officer authorised as hereinbefore provided, the sum payable by him shall, on application made to any Magistrate by any Excise Officer authorised in this behalf, be recovered by a Magistrate from him as if it were a fine imposed by the Magistrate on the person charged with the same.

Clause 7.—(1) If any person fails or refuses to pay the amount demanded from him under section 6, and there is reason to believe that he would abscond or his name and address are unknown or he refuses on demand to give his name and address or there is reason to believe that the name or address given by him is incorrect, any excise officer authorised to demand such payment, or any Police Officer or other person that such excise officer may call to his aid, may, without warrant or other authority, arrest him.

Railways Act Section 132

(2) The person arrested shall be released on his giving bail, or if his true name and address are ascertained, on his giving a bond without sureties for appearance before a Magistrate when required.

(3) If the person cannot give bail or his true name and address cannot be ascertained, he shall, without the least possible delay, be taken before the nearest Magistrate having jurisdiction.”

II.

The second alternative which I first placed before the Select Committee which followed the same outline of the Certificate procedure minus the appeal to the Civil Court was as follows:—

“Section 6.—Whoever sells, exposes or keeps for sale tobacco in contravention of section 4 shall be liable to a penalty equal to twice the amount of the license fee payable by him, in addition to the fee payable if not paid by him.

Section 7.—Whenever a Collector, Excise Commissioner or a Superintendent of Excise is satisfied on the report of an Excise Officer or otherwise and upon making such further investigation as he may deem fit that any person has sold, or for the purpose of sale exposed or kept, or is selling or for the purposes of sale is exposing or keeping tobacco in contravention of section 4 within the jurisdiction of such Collector or within the local area over which the Commissioner of Excise or Superintendent, as the case may be, has authority, he may make an order calling upon such person to pay the penalty payable under section 6 together with the prescribed license fee, if not paid by him, and authorise any excise officer to execute the order.

Any person against whom an order for payment has been made shall, on payment of the sum ordered to the officer executing the order be entitled to be granted a license under section 4 for the period covering the date of the offence.

Provided that any person against whom such an order has been made shall have the liberty, notwithstanding that he has paid the amount, to apply to a Magistrate having jurisdiction in the local area for a refund of the amount so paid by him. And, if the Magistrate is satisfied upon the evidence adduced before him that the penalty was improperly levied or that it was, in the circumstances of the case, excessive he may direct that the amount so paid by the offender on such portion thereof as may have been improperly levied be refunded to him.

Any amount ordered to be paid under section 7 shall be realisable as a fine under section 386, Cr. P. Code by a Magistrate having jurisdiction in the local area where the offence has been committed or where the person against whom the order has been made resides or carries on his business”.

There can be no question that either of these two procedures would be simpler, less expensive and more convenient to the executive than the one in the Bill. Persons improperly charged will, at their choice, have the protection provided by trial before a Magistrate. While others who have broken the law will be saved the trouble and harassment of arrest, searches, trials in distant courts and of the infinite worrying attentions of excise officers, by simply paying the penalty.

This is my principal ground of attack against the scheme of the Bill. Subject to this, I object to the clauses in the following particulars:—

Clause (1).—The duration of three years in sub-clause (3) should be from the date of the commencement of the Act. The clause as drafted means that the Bill will cease to operate in different areas on different dates which is unjustified.

Clause (2) (i).—“Such other officer, etc.” should be omitted and “Additional Collector” substituted in its place.

Clause 3.—In my opinion sub-clause (2) should be omitted.

Clause 6.—The maximum fine of Rs. 100 is out of all proportion to the needs of the case. It ought not to exceed twice the amount of the license fee.

Clause 9.—The issue of a search warrant is a far too harassing process for the insignificant object in view. If this is at all retained the warrants ought to be issued by a competent Magistrate and not by an Excise Officer.

Clause 12.—The power to seize tobacco is uncalled for.

Clause 13.—The issue of warrant for arrest of a person believed to have committed an offence is unnecessary. It would be enough if the offences under this Act are treated as summons cases under the Criminal Procedure Code where warrant could issue only if the offender fails to appear on summons. In any event a warrant of arrest should not be issued by any other than a Magistrate having jurisdiction.

*Clause 17.—The incorporation of sections of the Criminal Procedure Code which are designed for the investigation of cognisable offences seems to have been done without much thought. Section 164 (relating to recording of confessions) which is one of such sections would seem to be singularly *malapropos*. Sections 165 and 166 which authorise the Police Officer to make a search are also wholly inapplicable to offences under this Act and may be an instrument of harassment. Section 167 which provides for the remand of a person in custody beyond 24 hours cannot be made applicable to an offence in respect of a maximum sum of Rs. 6. Sections 168, 169 and 170 are similarly absurd in their application to the offences under this Act.*

The simpler procedure on the lines of Section 132 of the Indian Railways Act ought to suffice in a case of this character. Sections 169 and 170 seem to be wholly superfluous in view of sub-clause (4) of clause 17.

Clause 18.—It is extraordinary that the bail should be required for attendance before an investigating officer. The Criminal Procedure Code requires the bail to be for attendance before a Magistrate when required. It should be the same here.

The investigation for these offences cannot possibly be elaborate as in a case of any cognisable offence. To authorise Excise officers to require supposed offenders to attend at a protracted investigation would give them powers of harassment which may be easily abused.

Clause 20.—The provision for taking cognisance on suspicion is novel. Suspicion may suffice for arrest or to start an investigation but not for starting a prosecution.

If cognisance on the Magistrate's own knowledge is retained section 191, Criminal Procedure Code, should apply.

Clause 21.—It is inconceivable why when a person refused or fails to give bail he should be forwarded to an investigating officer and not to a Magistrate.

Clause 25.—Twenty-four hours is too long a time for authorised detention in the case of such trivial offences. Twelve hours ought to be the limit.

Minute of dissent by Rai Sahib Panchanan Barma, M.L.C.

Clause 1 (3).—(a) A comma should be inserted after the words "three years only" and before the words "from the date" to make the meaning clear and to draw pointed attention to the intention that the period intended is three years and no longer.

(b) At the end of the sub-clause (3) after the words "in any area", the words "with respect to any kind of tobacco mentioned in the Schedule" should be added.

In the districts or in the parts of districts where tobacco is grown, any restriction to some kind of sale of leaves or stalks of tobacco grown, may do much harm to the cultivators of tobacco. The tobacco growers should be left free to grow their tobacco and sell their tobacco grown by them in any way they like. Any restriction to it will injuriously affect them. If the Act operates with respect to any kind of tobacco other than leaves and stalks locally grown, the cultivators of tobacco may go on doing their work unaffected by any outside interference from the excise officers.

It should be made clear that the Act operates only for 3 years from the date of its commencement in the province of Bengal as a whole. As the Bill is drafted, the duration of the Act in the province of Bengal remains indefinite. The operation of the Act in any particular area is restricted to 3 years only from the date of its coming into operation in that particular area. So by application of the Act on a different date to a different area its operation may be extended over 33 years which is not intended.

Clause 3 (1).—(a) The meaning of the words "within forty eight hours" should be made clear. Within the period of the whole of a year a particular person, may within a particular period of forty-eight hours, sell to a particular person that quantity of particular kind of tobacco which by the definition, may make him a "whole-sale dealer." Another person may make such sales repeatedly during the year. It should be made clear who is the person intended here.

(b) It should also be made clear whether a person may be "wholesale dealer" with respect to one kind of tobacco and "retail sale dealer" with respect to another kind of tobacco.

(c) It is to be determined also whether one license may cover sale of all kinds of tobacco.

(d) If a person is to take different licenses for selling different kinds of tobacco the burden of taxation on him will be very heavy, specially on small dealers.

Clause 4, first Proviso.—(a) Growers of tobacco "by labour paid in cash or in kind" are exempted by this proviso. But this proviso, as it stands, at present, cannot be taken to mean, that the *adhiars* or *bargadars* of tobacco who take a share of the produce for their labour in growing tobacco are exempted. The intention was to exempt the *adhiars* and *bargadars* who are certainly "growers of tobacco", though in another land; but in the interest of the owner of the land and of the *adhiar* or *bargadar* himself. The *adhiar* or *bargadar* is certainly the grower of tobacco of the first rank. The *adhiars* or *bargadars* of tobacco are partners in the business of tobacco. The owner of lands supplies the capital, i.e., the land and the *adhiar* or *bargadar* supplies the labour and they share the produce, or profit. So a clear provision should be made describing or defining *adhiars* or *bargadars* of tobacco as *growers of tobacco*.

(b) The members of the tobacco grower's family are also tobacco growers. They should be clearly exempted.

(c) During the tobacco season, sometimes two or more tobacco-growers sell their respective tobacco, join the money obtained by the sale of tobacco as capital and purchase and sell tobacco for profit. This is partnership business or joint stock company business in embryonic stage. Such business in embryonic stage should be encouraged to develop. At this time of economic distress it will help the cultivators who are very hard hit to get some relief for such as purchasing some cloth, etc., with the profit so gained. By way of such relief being granted to them and by way of encouraging them

to develop their idea or capacity of doing partnership or joint-stock company business the cultivators doing such sort of business, as mentioned above, should be exempted, if anything more cannot be done, from taxation. This may well be done under the second proviso to clause 4.

The Bill makes no provision for the specific amount of fee to be imposed on dealers of tobacco in regard to a wholesale or retail license, and what kind of tobacco. This leaves my mind dubious as to the amount which is intended to be imposed on different kinds of tobacco licenses by the Government. In this dubious state of mind, I cannot form any judgment as to what I should advise.

Minute of dissent by Maulvi Tamizuddin Khan, M.L.C.

I am opposed to the principle of the Bill. In my opinion the present time is highly inopportune for a taxation measure like this.

Minute of dissent by Maulvi Abul Kasem, M.L.C.

I sign the report subject to the following minute of dissent:---

In my opinion the license fee for a retail dealer in rural areas should be Re. 1 a year, and that for the urban areas Rs. 4.

Security and bail.

18. (1) Whenever any person arrested under this Act is prepared to furnish bail he shall be released on furnishing bail to the satisfaction of the officer releasing him, or, at the discretion of such officer, on his own bond. [Cf. Ben. Act V of 1909, s. 75(4) and (5).]

**BENGAL LEGISLATIVE COUNCIL
DEPARTMENT.****NOTIFICATION.**

No. 1385L.C.—13th March, 1935.—The following report of the Select Committee on the Bengal Amusements Tax (Amendment) Bill, 1935, with the Bill embodying amendments recommended by the Committee, is hereby published for general information.

**Report of the Select Committee on the Bengal Amusements Tax
(Amendment) Bill, 1935.**

We, the members of the Select Committee of the Bengal Legislative Council to which the Bengal Amusements Tax (Amendment) Bill, 1935, was referred by a motion carried in the Bengal Legislative Council on the 14th February, 1935, have the honour to submit this our report with the Bill embodying an amendment recommended by us annexed. The matter inserted by the Select Committee has been underlined.

2. The Bill was published in English in the *Calcutta Gazette Extraordinary* of the 28th January, 1935.

3. The Committee met for the first time on the 19th February, 1935, and concluded its sittings on the 26th February, 1935.

On the 20th February, 1935, the Committee received a deputation consisting of certain members representing the producers, distributors and Exhibitors of the Cinema Industry, who were headed by Mr. B. N. Sarkar, and gave them a hearing as to the effect of the new tax on the Indian Cinema Industry. Their main grievances are set out in a memorial addressed to His Excellency the Governor of Bengal, dated the 8th February, 1935, printed as Paper No. 2 to the Bill.

4. We do not consider that the Bill has been so altered as to require republication.

Clause 1.—The Committee decided that the taxes imposed by the Bill should be in force for a period of three years only and sub-clause (3) has been added accordingly.

We recommend that the Bill as reported on by us be passed.

Minute of dissent by Mr. K. C. Ray Chowdhury, M.L.C.

I do not object to the principle of taxing low-priced tickets of admission to the cinemas, but favour the idea of reducing the tax from half-an-anna to quarter-of-anna on tickets of admission the cost of which exceeds three annas but does not exceed four annas. This idea is based on the simplest of economic maxims of taxation, namely, capacity to pay. Among those who patronise cinemas as recreation are a large body of working class people. They cannot afford more than three or four annas for admission out of their fixed wages, which are in these days of depression, at its minimum. It is generally admitted that cinemas provide healthy counter-attraction to those workmen who otherwise spend their leisure on drink and dissipation and gambling. This applies remarkably to jute-mill hands who are working only four days a week. I am told that there is appreciable falling-off in sale of intoxicants in Howrah, since the opening of cinemas there. The habit of drinking country liquor and toddy among working class people is also falling in Kosba, Dhakuria and adjoining villages after the opening in January last of the "Aleya" Cinema, near Ballygunj station. From the point of view of new industrial development, several indigenous companies have cropped up for production of cheap Indian films which attract the working classes, specially if the plot is a religious or mythological one. They are already handicapped by heavy duty of raw films. The reduction of one pice on the lowest priced tickets of three and four annas will, according to estimates supplied to the Committee, cause a small shrinkage in revenue of about Rs. 12,500 from 2 lakhs, the estimated yield of the proposed tax, but it is a good deal of money payable by the poorest class of cinema-goers. Rs. 12,500 represents an annual sale of 800,000 three and four-anna tickets. I fear even a pice tax, instead of two pice as proposed in the Bill, will even adversely affect sale of these tickets and will naturally jeopardise the position and prospects of this young film industry which employs a large number of educated young men and female artists.

Minute of dissent by Mr. P. Banerji, M.L.C.

I cannot but utter a strong protest against the imposition of duty on the four-anna ticket in the cinemas, etc. It is regrettable that this will actually fall on the poorest of the poor to whom even four annas is a very big amount to spare for a harmless recreation. If this duty, like the excise on wines, is meant to decrease the sale of commodity, i.e., decrease the people going to cinemas, I would welcome it, if it is proved that the cinemas are dangerous for society, but as it has been accepted that it is the most harmless of the recreation of the poor, I cannot find any justification for this duty.

The disadvantage of any small increase in taxation must be counterbalanced by the advantage to the community of a further small increase in public expenditure in every direction, but I find that this direct taxation is a very harmful and dangerous precedent in taxing the poor. An individual must adjust his expenditure to income, and naturally shall be forced either to decrease his visits to the cinemas or shall try to increase his income. The labourer as is well known cannot increase his wages and thus is in an unhappy position, as like the Public Authority, he cannot adjust income to expenditure. The reason that a higher priced seat is bearing the taxation is no ground that the poor can also bear it. For instance an individual having a monthly income of Rs. 500 or more does not spend more than 12 per cent. even if he takes a two-rupee ticket daily, but a poorly paid wage-earner whose income is hardly eight annas a day has to spend about 15 per cent. if he chooses to spend only once a week in this harmless pastime. In fact, it is a very high tax on people with slender resources. I want to utter a note of warning that the result of this taxation will be very dangerous for cinemas, specially to Bengali and Indian-owned cinemas, as the four-anna and eight-anna seats bring a stable revenue to them. The Bengali film-producer will be most hard hit because his films can be shown only in Bengal, unlike the English and Urdu and Hindi films which are exhibited all over India. The film and the cinema industry is the only industry in which the proverbial shy capital of the Bengalee has speculated against all odds, and if this also turns out to be a losing venture, it will spell disaster for Bengalee capital.

I would welcome if the Government stop the issue of complimentary tickets in cinemas except under very special circumstances, for which records must be kept by cinemas, as the issue of complimentary tickets decreases the sale of higher priced tickets and thus the Government loses the duty to a considerable extent. The holder of a complimentary ticket must pay 25 per cent. of the face value of the seat for which the pass is issued as amusement tax.

The profiteering by middlemen on sale of any cinema tickets as distinct from the cinema proprietors or their recognised agents must be stopped.

In Bombay even, there is no amusement tax on four-anna tickets, in spite of the fact that in Bombay the labour gets higher scale of wages than in Bengal, and in Madras four-anna tickets are exempted from amusement duty.

STATEMENT OF OBJECTS AND REASONS.

Under the provisions of the Cinematograph Act, 1918, all films intended for public exhibition in British India are subject to censorship. The censorship is however confined to the film itself and does not extend to the advertising matter, used in connection with the exhibition of the film, which is often more objectionable than the film advertised. In paragraph 249 of their Report; the Indian Cinematograph Committee recommended that action should be taken to bring posters used in connection with the exhibition of cinematograph films under control. The desirability of taking action in this matter has become more evident with the lapse of time and an examination of the question in consultation with Local Governments has made it clear that steps should be taken to amend the Cinematograph Act so as to provide for the censorship of all pictorial representations intended for use as advertising matter in connection with cinematograph films. The Bill is intended to provide for the amendment of the Act accordingly.

CALCUTTA, THE 26TH MARCH 1935.

RESOLUTION—No. 2190M.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

By Government resolution No. 836M., dated the 26th February 1934, the Subdivisional Officer of Serampore was appointed under section 550 of the Bengal Municipal Act, 1932, to be in charge of the Assessment and Collection Departments of the Kotrung Municipality until the end of the year 1934-35. As the quinquennial revision of assessment of the municipality has already been undertaken by the Subdivisional Officer, Government consider it desirable that the Subdivisional Officer should remain in charge of the two departments for three months more so that he may complete the assessment after considering applications for review of assessment received after the issue of the first notice of demand.

2. In view of the above consideration Government called upon the Municipal Commissioners, under section 550, sub-section (1) of the Bengal Municipal Act, to show cause why the period of appointment of the Subdivisional Officer should not be extended by another period of three months. In reply, the Municipal Commissioners have agreed to the action proposed to be taken by Government without prejudice to the competency of the present Municipal Board to take up the review work in a fair and impartial manner.

3. In exercise of the power conferred by section 550, sub-section (2) of the Bengal Municipal Act, read with section 22 of the Bengal General Clauses Act, the Government of Bengal (Ministry of Local Self-Government) are accordingly pleased to appoint the Subdivisional Officer of Serampore to be in charge of the Assessment and Collection Departments of the municipality for a further period of three months with effect from the 1st April 1935.

4. Ordered that this resolution be published in the *Calcutta Gazette*.

He shall announce publicly the number of votes cast at the centre for each candidate. Any record sealed and report prepared by an assistant presiding officer shall be forwarded without delay to the presiding officer. When the presiding officer has received all the records and reports, he shall, after checking the records with the reports, record the number of total votes cast in favour of each candidate. He shall then proceed in the following manner:—

(i) if there is no special seat allotted to the thana or if there is no special election, he shall declare the candidate or candidates who have received the largest number of votes to be duly elected at the place and time previously notified under rule 33;

13. For rule 47 substitute the following:—

"47. (1) In the event of any person being elected to two or more ordinary or to two or more special seats, such person shall be at liberty to choose which thana or special electoral unit he will represent, and in every other thana or special electoral unit for which the said person has been returned, the result of the election shall be determined under the preceding rule as if no votes had been recorded for him, and, if necessary, a fresh election will be held.

(2) If any person is elected, both to an ordinary and to a special seat, he shall be deemed subject to the provisions of sub-rule (2) of rule 32 to have been elected to the special seat only and, in the thana for which he has been returned, the result of the election shall be determined as prescribed in sub-rule (1)."

14. For rule 53 substitute the following:—

"53. A local board shall not elect members for the district board until—

(a) the number of members of the district board to be elected by such local board to ordinary or to special seats has been fixed by notification under section 7 or section 10A of the Act as the case may be, and

(b) such local board has elected a Chairman."

15. After rule 53 insert the following as a new rule:—

"53A. When under section 10A a community has been determined by the Local Government to be a minority community in any area under the authority of a district board, the Commissioner shall determine—
(i) how many seats shall be reserved on the district board for the minority community; and
(ii) how many members shall be elected by each local board to such reserved seats on the district board:

Provided that in no case shall he declare all the seats to which election is to be made by any local board to be special seats."

16. For rule 54 substitute the following:—

"54. (1) Within one month from the date of publication of the notifications referred to in clause (a) of rule 53 or of the election of the Chairman of a newly constituted or reconstituted local board, whichever be the later, the local board shall elect the requisite number of members for the district board at a special meeting to be convened by the Chairman.

(2) The meeting shall be presided over by the Chairman or in his absence by the Vice-Chairman, or in the absence of both the Chairman and the Vice-Chairman, by a member elected for the purpose by the members present. In the last case, the member elected to preside shall be duly proposed and seconded.

(3) The election shall proceed as follows:—

(a) Any member present may propose a candidate either by name or by virtue of his office for election to the district board.

(b) Such proposal shall not be taken into consideration unless it has been seconded by a member other than the candidate or the proposer.

(c) If the number of candidates duly proposed and seconded either for the special or for the ordinary seats, as the case may be, be less than or equal to the number to be elected by the local board in each case, the President shall declare such candidate to be duly elected.

(d) If the number of candidates duly proposed and seconded be greater than the number to be elected by the local board the President shall hand to each member present a voting paper in the form below in which the names of candidates who have been duly proposed and seconded have been entered and shall ask each member to record his vote by placing the mark x in the space provided for the purpose in the voting paper opposite to the name of the candidate or the names of the candidates whom the member prefers and to sign his name on the back of the counterfoil of the voting paper.

Voting paper.

Name of candidate.	Space for placing mark X.	Counterfoil for signature of the voter.
1.		Fold here (perforated).
2.		
3.		
4.		

(e) The voting paper shall be invalid if the mark x is placed opposite the name of more candidates than the number to be elected or if it is so placed as to render it doubtful to which candidate such mark is intended to apply, or if any mark is made on the foil of it by which the voter may be identified.

(f) Each member shall proceed in turn to a place set aside for the purpose and shall there fill in the voting paper in such a manner that no other person can perceive what he writes. After placing the mark x on the voting paper he shall fold the counterfoil so as to conceal the votes recorded, sign his name on the back of the counterfoil and then hand the paper to the President. Without such folding of the counterfoil or signature the voting paper shall be invalid.

(g) The President as soon as all the voting papers have been delivered to him, shall in the order hereinafter specified—

- (i) reject any voting paper which is unsigned or of which the counterfoil is not properly folded;
- (ii) tear off the counterfoils containing the signature and place them apart from the voting papers proper;
- (iii) reject any voting paper which is irregularly marked;
- (iv) read out the names of the candidates against which the mark x has been validly made;
- (v) count the votes;
- (vi) declare the special candidate or candidates to whom the largest number of votes may have been given to be duly elected to the special seat or seats on the district board; and
- (vii) declare those among the remaining candidates to whom the largest number of votes may have been given to be duly elected to the ordinary seats on the district board:

Provided that where an equality of votes is found to exist between any candidates and the addition of one vote will entitle any of the candidates to be declared elected, the determination of the person or persons to whom such one additional vote shall be deemed to have been given shall be made by lot to be drawn in the presence of the President and in such manner as he may direct.

(4) Notwithstanding anything contained in rule 74 or in the Rules of Business adopted by any board, if there are more candidates than vacancies the names only of the persons proposing and seconding and the number of persons voting for each candidate and the names of the candidates duly elected shall be entered in the proceedings."

RULES.

PART I.—General.

1. These rules may be called the Workmen's Compensation (Transfer of Money) Rules, 1935.

(b) "authorised officer" means any officer whom the local Government may designate either generally or in respect of any area or class of cases, for the purpose of performing the functions assigned by these rules to the authorised officer,

(c) "transferring authority" means any authority in any part of His Majesty's Dominions or in any other country who transfers or causes to be transferred any lump sum awarded under the law relating to workmen's compensation in such part or country and applicable for the benefit of any person residing or about to reside in British India.

PART II.—*Transfer of money paid to a Commissioner for the benefit of any person residing or about to reside in another country.*

5. When the whole or any part of a lump sum deposited with a Commissioner for payment as compensation under the Act is payable to any person or persons residing or about to reside in any other country, the Commissioner may order the transfer to that country of the sum so payable.

6. When the Commissioner has ordered the transfer of any sum under rule 5, he shall cause to be prepared and shall certify under his hand a memorandum containing a brief statement of the facts of the case, of the orders passed upon it, and of the name and address of each person to whom payment is to be made.

7. If the Commissioner is himself the authorised officer, he shall proceed as provided in rule 8.

8. The authorised officer, after satisfying himself that the memorandum is complete, shall forward it, and remit or cause to be remitted the sum to which it relates by such means of safe transmission as he may consider convenient to the authority appointed in this behalf for the country to which the sum is to be transferred, or if no such authority has been appointed, to such authority as the local Government may by general or special order direct, and shall at the same time request the authority addressed

(a) to arrange for payment to be made in accordance with the directions contained in the memorandum; and

(b) to furnish him with a report of the action taken upon the memorandum and return any sum the payment of which is for any reason impossible.

9. (1) The authorised officer shall, if he is not the Commissioner with whom the matter originated, forward to such Commissioner a copy of any report received in response to a request made under rule 8.

(2) Any sum returned in accordance with rule 8 shall be disposed of in accordance with the Act.

PART III.—Receipt and administration in British India of any money awarded under the law relating to workmen's compensation in another country.

11. The authorised officer may himself dispose of any sum or part of any sum which he receives or of which he assumes control under rule 10 or may send it or any part of it for disposal to such Commissioner or Commissioners as he considers proper.

12. All sums received from a transferring authority shall be disposed of as far as possible in accordance with the provisions of the Act and the Workmen's Compensation Rules, 1924.

Provided that the directions, if any, received from the transferring authority as to the manner in which the sum should be administered shall be complied with.

9. In sub-section (2) of section 66 of the said Act, for the words "one hundred rupees" the words "fifteen rupees" shall be substituted. *Cf. 1b. S. 149.*

STATEMENT OF OBJECTS AND REASONS.

1. The Income-tax Act was for the first time enacted in 1886, when it was said that a sum of about a crore of rupees was required owing to the deficit Budget created by the unusual outlay on the Burmese War and the sudden depreciation of silver. The tax was intended to be a temporary one. But it has since remained and now realizes over twenty times that amount. Similarly, the super-tax levied as a war measure has been made permanent. But the procedure for the levy of both is antiquated and summary and places an undue power in the hands of the assessing authorities who have been given the final right of hearing the so-called appeal of the assessee.

2. Income and super-tax is more appropriate to creditor countries and to those in which commercial and industrial enterprise has led to the accumulation of capital from which the State may justly claim a share. But in a country primarily agricultural in which capital is naturally shy, and commercial and industrial enterprise comparatively recent and in a state of infancy, the State should be loth to tax at least over-tax the circulation of capital, but this is now possibly a counsel of perfection.

3. The intention of this Bill is, therefore, merely to remove the most glaring of defects in the method of assessment and its control leaving a future reformed rectifying the obvious wrong of a double super-tax and other anomalies from which the payers of income-tax suffer.

4. For the present it is intended to bring the assessors under some popular and judicial control and partially redress the just major grievances of the assesses.

It is hoped that the Bill will receive general support and in some measure ameliorate the harshness and rigour of a taxing measure whose unpopularity has been pronouncedly increased by the mode and manner of its administration.

FAKIR HANDE.

NOTES ON CLAUSES.

Clause 2.—In England the collecting agency is an independent body of patriotic citizens who levy the tax and hear appeals from the assessor's valuation and are generally entrusted with the administration of the Act: the result being that the tax, odious though it is, does not gain in its odiousness by its administration by the very persons interested in its collection.

(2) Under S. 57 of the English Tax Act, 1918, now in force, the income-tax is levied by the commissioners of Inland Revenue whose number ordinarily varies from 3 to 7 (S. 59) but which may be increased to 14 (*Ib.* S. 59). They are appointed for specified cities or divisions and possess the sole power to assess, collect and levy the income-tax (*Ib.* S. 64) and hear appeals against assessment (*Ib.* S. 133). Such commissioners are generally drawn from well-to-do classes. For special cases special commissioners are appointed and they possess the same right as general commissioners (*Ib.* S. 67).

The general commissioners appoint assessors for one year (*Ib.* S. 76), and the collector of taxes (*Ib.* S. 80).

(3) If the English procedure were followed, the whole Act would have to be recast. It is not the intention of the present Act to do more than introduce an element of impartiality in the assessment of income-tax by providing that the assessor shall act with the concurrence of three or more assessors and that all appeals against his assessment shall lie to a Court unconnected with the assessing department. This is the barest justice to the assessee who is entitled to much more and not anything else.

(4) The English law allows three appeals against an assessment—*first* to the special commissioners, *secondly* to the Recorder or County Court Judge and *thirdly* to the High Court (SS. 147—149). Under the Bill, if passed, provision is made only for a single appeal, but the High Court has been given the general power of revision which it possesses in all civil and criminal cases. In England the appeals lie to special commissioners. The Bill embodies the general spirit of the English Act, though it does not adopt its machinery.

1. The Income-tax Officer may, save where he has served a notice under sub-section (2) of section 22 of the Indian Income-tax Act, 1922, make a summary assessment of the income of an assessee to the best of his judgment, and shall serve on the assessee a notice of demand in a form to be prescribed by the Central Board of Revenue ; and such notice shall be deemed to be a notice of demand under section 29 of that Act.

2. Any assessee in respect of whom such summary assessment has been made, may within thirty days of receipt of the notice of demand, make an application to the Income-tax Officer for the cancellation or revision of the assessment, and the Income-tax Officer shall, after examining any accounts and documents and hearing any evidence which the assessee may produce, and such other evidence as the Income-tax Officer may require, determine, by order in writing, the amount of the tax, if any, payable by the assessee, and such determination shall be final :

Provided that, if any assessee making such application files therewith a return of his income under sub-section (2) of section 22 of the Indian Income-tax Act, 1922, the application shall be deemed to be a return under that sub-section and shall be dealt with accordingly.

3. A copy of an order under paragraph 2 shall be served on the assessee to whom it relates and shall be deemed to be a notice of demand under section 29 of the Indian Income-tax Act, 1922.

4. The above procedure shall apply also to the assessment and collection during the financial year 1935-36 of incomes of Rs. 1,000 and upwards and less than Rs. 2,000 which have escaped assessment in the financial year 1934-35.

STATEMENT OF OBJECTS AND REASONS.

The Royal Commission on Labour drew attention to the indebtedness prevailing among certain classes of workers, and expressed the view that this was due mainly to the credit enjoyed by them and the facilities afforded to creditors by the law relating to the attachment of salaries. With a view to reducing credit, the Commission recommended that wages and salaries of workmen receiving less than Rs. 300 a month should be entirely exempted from attachment. Enquiries made by the Government of India in consultation with Local Governments afford justification for action on the lines suggested by the Commission and in particular reveal a serious state of indebtedness among certain classes of Government employees. The Government of India therefore propose to amend section 60 of the Civil Procedure Code to provide—

- (1) that salaries, not exceeding Rs. 100 a month, of all workers should be totally exempt from attachment,
- (2) that the pay of servants of Government, Railway Companies and local authorities getting more than Rs. 100 a month should be exempt to the extent of the first Rs. 100 and one-half of the remainder, and
- (3) that while the attachable portion of the pay of servants of Government, Railway Companies and local authorities should remain as at present liable to continuous attachment the period of attachment should be restricted as follows, viz., that after a debtor's pay has been attached for a total period of two years (in one or more periods) no further attachment should be possible in favour of the same decree or in favour of any other decree until twelve months have elapsed.

The Bill seeks to give effect to these proposals. It also takes away the privileged position of Co-operative Societies under the proviso to sub-clause (iii) under clause (i) of the proviso to sub-section (1) of section 60 of the Code as in the opinion of the Government of India it is unnecessary to continue that privilege.

2. Under sub-clause (h) of the proviso to sub-section (1) of section 60 of the Code of Civil Procedure, 1908, leave allowances if less than salary are exempt from attachment, but under sub-clause (i) leave allowances, if equal to salary on duty, are liable to attachment. Since the introduction of time-scales of pay in the Services, this has created an anomalous position for if an officer drawing pay on a time-scale proceeds on leave before reaching the maximum of the scale, the whole of his leave allowance, being less than his salary on duty, is exempt from attachment, while if he goes on leave after drawing the maximum pay of the scale for over a year, the whole of his leave allowance, being equal to his salary on duty, would be liable to attachment. It is accordingly proposed to place leave allowances and salary on duty in exactly the same position as regards attachment. At the same time the Bill gives to the Governor General in Council power to exempt certain allowances from attachment, the object being to enable him to exempt certain compensatory allowances granted for specific purposes.

3. The Bill also provides that the amending legislation shall apply to all suits instituted on or after February 1, 1935.

Saving.

13. Nothing contained in this Act shall be deemed to derogate from any of the provisions of the Indian Merchant Shipping Act, 1923. XXI of 1923.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to provide for the employment of Indian tonnage in the coastal traffic of British India and of the Continent of India. This Bill is intended to serve as a powerful aid to the rapid development of an Indian Merchant Marine. Several attempts made in this direction in the past have all practically failed, owing, it is believed, to the existence of powerful non-Indian interests in the coasting trade of India. There can be no doubt that the growth of an Indian Merchant Marine would prove a powerful factor in the employment of Indian talent in various directions in a manner calculated to advance the national interests of India.

This Bill was introduced in the last Assembly by Mr. Sarabhai N. Haji, M.L.A., and was referred to a Select Committee whose report was presented to the House. The Bill then lapsed owing to the dissolution of the Assembly. The draft of the Bill now submitted is the same as was approved by the Select Committee.
